

2019 Accreditation Midterm Report – Final Draft For Review and Comment

(Distributed bcc to: dl.staff.all and Board of Trustees)

SRJC College Community:

The Accrediting Commission for Community and Junior Colleges (ACCJC) requires all institutions to submit a Midterm Report midway between comprehensive evaluation visits, and now is the time for SRJC to submit that report.

SRJC's Midterm Report describes and provides evidence as to how each of the ten (10) self-identified Actionable Improvement Plans (AIPs) from the College's 2014 Comprehensive Self Evaluation have been integrated into the appropriate ongoing planning and implementation processes of the College. The Midterm Report also describes SRJC's response to recommendations by the External Evaluation Team meant to increase institutional effectiveness (Recommendations 1 and 2), as well as SRJC's data and analysis of trends from the ACCJC Annual Reports and Annual Fiscal Reports for the years subsequent to the Comprehensive Evaluation visit. Key institutional documents providing evidence of the College's progress in addressing each of the actionable improvement plans and recommendations are included in the appendices of the report.

You may recall that a first draft of the Midterm Report was shared with the entire College community in mid-March of last year, with an anticipated deadline for submission to ACCJC of October 15, 2018. Subsequently, we learned that the due date was changed to March 15, 2019 as a result of ACCJC's new seven-year accreditation cycle. That first draft has been updated to reflect current progress and a revised second draft is now being redistributed to the College community for review and input.

We are still in the process of collecting and confirming sources of evidence, and are aware that more work is needed in that area.

The Midterm Report will be finalized and presented to the Board of Trustees for approval at their March 12 meeting. SRJC will submit the final Midterm Report to ACCJC by March 15, 2019.

I appreciate you taking the time to read this final draft, and look forward to any comments you have to improvement upon our report to the Commission.
