84750.4.
(a) (1) The board of governors, in accordance with this section, and in consultation with institutional representatives of the California Community Colleges and statewide faculty and staff organizations, so as to ensure their participation in the development and review of policy proposals, shall develop criteria and standards for the purpose of making the annual budget request for the California Community Colleges to the Governor and the Legislature, and for the purpose of allocating the state general apportionment revenues.

(2) It is the intent of the Legislature in enacting this section to adopt a formula for general purpose apportionments that encourages access for underrepresented students, provides additional funding in recognition of the need to provide additional support for low-income students, rewards colleges’ progress on improving student success metrics, and improves overall equity and predictability so that community college districts may more readily plan and implement instruction and programs.

(3) It is the intent of the Legislature to determine the amounts appropriated for purposes of this section through the annual Budget Act. Nothing in this section shall be construed as limiting the authority of either the Governor to propose, or the Legislature to approve, appropriations for the California Community Colleges programs or purposes.

This calculation shall only apply to the allocation of credit revenue. Noncredit instruction, and instruction in career development and college preparation full-time equivalent students (FTES) shall be funded pursuant to the requirements of paragraphs (3) and (4), respectively, of subdivision (d) of Section 84750.5, as that section read on January 1, 2018.

4. Each district shall be granted one point for each student who receives a fee waiver pursuant to Section 76300, based on headcount data of students in the prior year.

5. For the purposes of calculating the supplemental allocation, the number of students shall be defined as the number of students served by the community college district.

6. It is the intent of the Legislature that the annual Budget Act fully fund increases in the supplemental allocations computed under this section.

(f) Commencing with the 2018–19 fiscal year, a student success allocation shall be computed for each community college district based on the total points calculated for each community college district in accordance with all of the following:

(ii) The chancellor’s office may reduce a community college district’s transfer points if a community college district enters into, or expands, a transfer partnership with a private for-profit college that has not demonstrated a track record of providing its students with a baccalaureate degree that leads to a majority of the private for-profit college’s baccalaureate degree program students obtaining a regional living wage within one year of completing their degree program.

(iii) The chancellor’s office may reduce a community college district’s transfer points if a community college district enters into, or expands, a transfer partnership with a private for-profit college that does not meet the qualifications to offer its students federal financial aid.

For each student identified pursuant to this subparagraph, the community college district shall receive the number of points equal to the number of points that the student generated for each of the metrics described in paragraph (1).

(C) In computing this allocation, each community college district shall receive points for a student who received financial aid under the Federal Pell Grant program (20 U.S.C. Sec. 1070a) and generated points for any of the metrics described in paragraph (1), based on prior year data. (vii) One and one-half points for each student who obtains a regional living wage within one year of community college completion, based on prior year data.

(3) It is the intent of the Legislature that the annual Budget Act fully fund increases in the student success allocations computed under this section.

(g) To establish a hold harmless protection for community college districts pursuant to the funding allocation established in this section, a minimum funding level for all community college districts shall be computed as follows:

1. For the 2018–19 and 2019–20 fiscal years, a level of funding to ensure that all community college districts receive at a minimum the total computational revenue the district received in the 2017–18 fiscal year, defined as a district’s final entitlement for general purpose apportionment based on FTES and the number of colleges and comprehensive centers the district operates.

2. Commencing with the 2020–21 fiscal year, and each year thereafter, community college districts shall receive the higher of (A) the funding level determined by the formula established in this section, or (B) the level of funding determined by multiplying the community college district’s new FTES by the associated credit, noncredit, and career development and college preparation rate received by the district in the 2017–18 fiscal year. The level of funding shall be adjusted to include a basic allocation based on the
number of colleges and comprehensive centers in the district consistent with the basic allocation rates used in the 2017–18 fiscal year.

(3) (A) From the 2019–20 fiscal year to the 2023–24 fiscal year, inclusive, for the San Francisco Community College District and the Compton Community College District, the rates for computing the hold harmless provisions pursuant to paragraphs (1) and (2) shall be multiplied each year by the cost-of-living adjustment identified in the annual Budget Act and adjusted for increases to FTES. The level of funding for the San Francisco Community College District and the Compton Community College District shall be adjusted to include a basic allocation based on the number of colleges and comprehensive centers in the district consistent with the basic allocation rates used in the 2017–18 fiscal year multiplied by the 2018–19 fiscal year cost-of-living adjustment, and adjusted for changes in the cost-of-living in subsequent annual budget acts. The intent of these adjustments is to provide the San Francisco Community College District and the Compton Community College District with the greater of the amount that would have been calculated pursuant to the requirements of Section 84750.5, as that section read on January 1, 2018, adjusted for annual changes in the cost-of-living adjustment identified in the annual Budget Act and adjusted for increases in FTES, or the amount computed pursuant to the funding formula established in this section.

(B) For purposes of computing the FTES attributable to this paragraph and subdivision (d), for five fiscal years beginning in the 2017–18 fiscal year, the San Francisco Community College District shall be entitled to restoration of any reduction in apportionment revenue due to decreases in FTES, up to the level of attendance of FTES funded in the 2012–13 fiscal year, if there is a subsequent increase in FTES.

(C) (i) For purposes of computing the FTES attributable to this paragraph and subdivision (d), for five fiscal years beginning in the fiscal year the Compton Community College District is accredited under the governing authority of the Board of Trustees of the Compton Community College District, the board of governors shall provide allocations to the Compton Community College District in an amount not less than the total amount that the district would receive if the level of attendance of FTES was the same level of attendance as in the 2017–18 fiscal year. The amount shall be adjusted to reflect cost-of-living adjustments, deficits in apportionments, or both, as appropriate for the applicable fiscal years.

(ii) For purposes of computing the FTES attributable to this paragraph and subdivision (d), for five fiscal years beginning in the fiscal year the Compton Community College District is accredited under the governing authority of the Board of Trustees of the Compton Community College District, the Compton Community College District shall be entitled to restoration of any reduction in apportionment revenue due to decreases in FTES, up to the level of attendance of FTES funded in the 2017–18 fiscal year, if there is a subsequent increase in FTES.

(iii) In computing statewide entitlements to funding based upon the attendance of FTES, the Compton Community College District shall not be credited with more FTES than were actually enrolled and in attendance.

(4) Decreases in a community college district’s total revenue computed pursuant to the sum of subdivisions (d), (e), and (f), or computed pursuant to this subdivision shall result in the associated reduction beginning in the year following the initial year of decreases.

(h) For the fiscal years 2018–19 to 2020–21, inclusive, each community college district whose increase in 2017–18 general purpose apportionment funding computed pursuant to Section 84750.5, compared to apportionment funding computed pursuant to this section, is less than the year-over-year cost-of-living adjustments applicable to those fiscal years, shall receive discretionary resources in an amount needed to ensure the community college district receives no less than their 2017–18 general purpose apportionment
funding computed pursuant to Section 84750.5 adjusted for annual year-over-year cost-of-living adjustments.

(i) The board of governors shall develop the criteria and standards within the statewide minimum requirements established pursuant to this section.

(j) (1) Except as specifically provided in statute, regulations of the board of governors for determining and allocating the state general apportionment to the community college districts shall not require community college district governing boards to expend the allocated revenues in specified categories of operation.

(2) Except as otherwise provided by statute, current categorical programs providing direct services to students, including extended opportunity programs and services, and disabled student programs and services, shall continue to be funded separately through the annual Budget Act, and shall not be assumed under the budget formula otherwise specified by this section.

(k) It is the intent of the Legislature to allow for changes to the criteria and standards developed pursuant to subdivisions (a) and (h) in order to recognize increased operating costs and to improve instruction.

(l) Notwithstanding Subchapter 1 (commencing with Section 51000) of Chapter 2 of Division 6 of Title 5 of the California Code of Regulations and Section 84751, the chancellor shall allocate the ongoing funds first appropriated to paragraph (1) of subdivision (e) of provision (2) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 2015 (Chapters 10 and 11 of the Statutes of 2015) to all community college districts, including districts that have offsetting local revenues that exceed the funding calculated pursuant to the district’s budget formula, on a per FTES basis by modifying each district’s budget formula pursuant to this section. Any revisions to the budget formula made for the purposes of this subdivision shall be made and reported consistent with the requirements of subdivision (i).

(m) (1) (A) The governing board of each community college district shall certify it will do all the following, no later than January 1, 2019:

(iii) Submit the written item and summary of action to the chancellor’s office.

(B) The chancellor’s office shall make available guidance to assist governing boards of community college districts in meeting the requirements of this section. The funds apportioned to a community college district pursuant to this section, and for excess tax districts, the Student Equity and Achievement Program, shall be available to implement the activities required pursuant to this paragraph.

(2) Each community college district shall align its comprehensive plan pursuant to paragraph (9) of subdivision (b) of Section 70901 with the adopted local plan goals and align its budget with the comprehensive plan. The funds apportioned to a community college district pursuant to this section, and
for excess tax districts, the Student Equity and Achievement Program, shall be available to implement the activities required pursuant to this paragraph.

(3) If a community college district is identified as needing further assistance to make progress towards achieving specified goals, the chancellor’s office, with the approval from the board of governors, may direct the community college district to use up to 1 percent of the district’s apportionments allocation on technical assistance and professional development to support efforts to meet the district’s efforts towards their goals.

(4) (A) The chancellor’s office shall develop processes to monitor the approval of new awards, certificates, and degree programs. The chancellor’s office shall also develop a process to monitor the number of students who transfer to for-profit postsecondary educational institutions and report on the growth of transfer to these institutions compared to four-year public postsecondary educational institutions.

(B) The chancellor’s office shall also develop minimum standards, in consultation with the oversight committee established pursuant to Section 84750.41, for the approval of certificates and awards that would count towards the funding formula pursuant to this section.

(C) The board of governors shall include instructions in the audit report required by Section 84040 related to the implementation of the funding formula pursuant to this section. The chancellor may require a community college district to repay any funding associated with an audit exception identified in a community college district’s audit report pursuant to this subparagraph.

(5) Notwithstanding Section 10231.5 of the Government Code, on or before October 15, 2019, and each year thereafter, the chancellor’s office shall report to the Legislature, consistent with Section 9795 of the Government Code, on the course sections and FTES added at each community college that received apportionment growth funding in the prior fiscal year, including the number of course sections and FTES that are within the primary missions of the segment and those that are not within the primary missions of the segment.

(6) (A) On or before July 1, 2022, the chancellor’s office shall report to the Legislature and the Department of Finance, consistent with Section 9795 of the Government Code, a description on how community college districts are making progress on advancing the goals outlined in the system’s strategic vision plan.

(B) The requirement for submitting a report imposed under subparagraph (A) is inoperative on July 1, 2026, pursuant to Section 10231.5 of the Government Code.

(c) At a minimum, one of the duties of the oversight committee shall be developing an implementation plan, including a timeline, for collecting data on the number of first-generation college students enrolled at community colleges for the purpose of including this information in the student success metrics by the 2022–23 fiscal year.
