00:19:28.050 --> 00:19:33.210

Julie Thompson: Looks like it is now 315, I would like to call this meeting to order.

5

00:19:35.100 --> 00:19:41.070

Julie Thompson: And calling the meeting to orders the cutoff for proxies. Just want to make that clear and have that be in the record.

6

00:19:41.850 --> 00:19:50.220

Julie Thompson: And the first thing I would like to do before we get started, is we've been talking about actually reading the land acknowledgments statement.

7

00:19:51.060 --> 00:19:59.670

Julie Thompson: That the Senate approved at an earlier meeting this semester. But we have not actually been reading the statement and we would like to make that change.

8

00:20:01.980 --> 00:20:09.540

Julie Thompson: We acknowledge that we gather at Santa Rosa Junior College on the territorial traditional land of the promo people, past and present.

9

00:20:10.170 --> 00:20:23.220

Julie Thompson: And honor with gratitude, the land itself and the people who have stewarded it throughout the generations. This land acknowledgement calls us to commit to continuing to learn how to be better stewards of the land we inhabit.

10

00:20:24.360 --> 00:20:36.660

Julie Thompson: We recognize that every member of the Santa Rosa Junior College community has benefited and continues to benefit from the use and occupation of this land. Since the institutions founding in

11

00:20:38.700 --> 00:20:48.120

Julie Thompson: Consistent with our values of community and diversity. We have a responsibility to acknowledge and make visible the college's relationship to native peoples.

12

00:20:48.690 --> 00:21:01.380

Julie Thompson: By offering this land acknowledgement. We affirm indigenous sovereignty and will work to hold Santa Rosa Junior College more accountable to the needs of American Indian and indigenous peoples. Thank you.

13

00:21:02.160 --> 00:21:02.790

Oh,

14

00:21:05.160 --> 00:21:07.470

David Lemmer: That's how the Pomona acknowledge something

15

00:21:08.550 --> 00:21:09.300

David Lemmer: Else their work.

16

00:21:10.110 --> 00:21:10.770

Julie Thompson: Thank you.

17

00:21:12.360 --> 00:21:18.210

Julie Thompson: And Next on the agenda is open forum and Amanda. Can I ask who is first in the queue, please.

18

00:21:19.590 --> 00:21:21.990

Academic Senate: First in the queue is Laura Larkin

19

00:21:22.800 --> 00:21:23.850

Julie Thompson: Borel arcane

20

00:21:28.590 --> 00:21:29.100

Laura Larque: Hello.

21

00:21:30.450 --> 00:21:39.420

Laura Larque: Dear centers precedent Julie Thompson I return to the open forum today to speak to you about the lesson at meeting.

22

00:21:40.230 --> 00:21:51.840

Laura Larque: Granted, I am not a sinner, but I believe as a faculty member I have that responsibility to express my views. It was very frustrating as a member of the of the

23

00:21:52.380 --> 00:22:01.230

Laura Larque: Black Studies in ethnic studies task force to see that the Senate did not get to this cause our recommendations at the last meeting.

24

00:22:02.220 --> 00:22:16.350

Laura Larque: I understand that the Senate has many important issues on the agenda, but it seemed like very poor time management and complete confusion that led to the Senate, not to get to the important equity work.

25

00:22:18.150 --> 00:22:21.000

Laura Larque: I know I am for you, of course.

26

00:22:22.560 --> 00:22:30.810

Laura Larque: I know I am not understand it, but I really don't understand why this confusion happen in the first place.

27

00:22:31.350 --> 00:22:42.690

Laura Larque: My understanding is that our boat about guided path pathways took place, but then some centers wanted to overturn that vote and then everything just fell apart.

28

00:22:43.680 --> 00:22:51.360

Laura Larque: Is this okay within the rules of the senate respectfully. This is not how the academic senate should be acting

29

00:22:51.930 --> 00:23:10.620

Laura Larque: This is a body that approves agenda items based on the maturity of boats and not a body that operates on consensus important work like Guided Pathways Black Studies ethnic nice ethnic studies are highly important to our collective work on diversity.

30

00:23:11.820 --> 00:23:22.140

Laura Larque: I urge the Senate to get its house in order, on our past votes. Follow the agenda and get these important work done.

31

00:23:22.590 --> 00:23:40.260

Laura Larque: Our students need Black Studies major in the ethnic studies department, let us get the work done. I urge you to vote to support our recommendations today. And these recommendations happen to meetings ago. Thank you.

32

00:23:42.240 --> 00:23:46.110

Julie Thompson: Thank you very much, Laura. Amanda, who's next. Please.

33

00:23:47.640 --> 00:23:51.240

Academic Senate: Next is Dr. Brenda flies with Hawks. Okay.

34

00:23:51.390 --> 00:23:52.590

Julie Thompson: Dr flies with hawks

35

00:24:00.660 --> 00:24:09.300

Brenda Flyswithhawks: My apologies. I was delayed in on muting myself. Good afternoon, President Thompson Executive Committee. Senators college community.

36

00:24:10.350 --> 00:24:19.860

Brenda Flyswithhawks: And guest. I'm here today, once again, to speak to the Black Studies and ethnic studies Task Force recommendation discussion item.

37

00:24:20.400 --> 00:24:29.580

Brenda Flyswithhawks: As this is identified on the agenda as an urgent item after a timely discussion and clarifying questions regarding the task force recommendations.

38

00:24:29.970 --> 00:24:43.590

Brenda Flyswithhawks: I urge senators to move this item to an action item and approve the recommendations today. Again, I remind senators to be to not be distracted by the timeframe.

39

00:24:44.370 --> 00:24:51.360

Brenda Flyswithhawks: Or specifics embedded into the recommendations for example, the number of recommended faculty positions in the hiring.

40

00:24:52.080 --> 00:25:05.040

Brenda Flyswithhawks: Timeline. Also, do not be distracted by the cost of implementing these recommendations, the role of the Senate is to approve the recommendations and forward those recommendations to academic affairs.

41

00:25:05.850 --> 00:25:12.540

Brenda Flyswithhawks: With your approval academic affairs will now have the opportunity to support and began implementing the recommendations.

42

00:25:13.740 --> 00:25:31.830

Brenda Flyswithhawks: That implementation process would include identifying a budget for creating the recommended Ethnic Studies Department and hiring necessary faculty and classified staff for the department. It's also the responsibility to work with a FA on areas requiring negotiations today.

43

00:25:33.030 --> 00:25:38.430

Brenda Flyswithhawks: You have the opportunity to show you trust the work of the Black Studies and ethnic studies task for scholars

44

00:25:38.820 --> 00:25:45.240

Brenda Flyswithhawks: And that you respect our Black Student Union and all that bypass students by approving these recommendations.

45

00:25:45.810 --> 00:25:50.760

Brenda Flyswithhawks: Your approval is action to remove the systemic oppressive foot

46

00:25:51.270 --> 00:26:04.650

Brenda Flyswithhawks: From the academic neck of students and faculty attempting to undo and correct decades of injustice at SRI JC experienced by our black indigenous Latinx and Asian students

47

00:26:05.130 --> 00:26:17.130

Brenda Flyswithhawks: I urge and implore you to do the right thing and set the example of how we can be productive be forward thinking and academically walk into a future we can be proud of.

48

00:26:17.790 --> 00:26:27.270

Brenda Flyswithhawks: Let your unanimous vote today, send a clear message to your colleagues and students that you see them and you hear them. Thank you again.

49

00:26:28.800 --> 00:26:32.490

Julie Thompson: Thank you, Dr flies and hugs. Amanda, who's next in the queue, please.

50

00:26:34.200 --> 00:26:37.200

Academic Senate: next in the queue is and on again. Okay.

51

00:26:37.230 --> 00:26:51.690

Anne Donegan: Thank you. Oh, sorry. Thank you, Amanda and President Thompson, many of the ideas that I was going to speak to were very eloquently addressed by both Professor LAR K and Professor flies with hawk. So I will see my time.

52

00:26:52.920 --> 00:26:55.380

Julie Thompson: Okay, thank you very much next in the queue.

53

00:26:57.090 --> 00:27:01.830

Academic Senate: I don't have anyone else listed in the queue. And I don't see anyone raising their hands.

54

00:27:02.190 --> 00:27:04.980

Julie Thompson: I think that, didn't we get an email from am foster

55

00:27:07.590 --> 00:27:08.460

Julie Thompson: I think we did

56

00:27:08.670 --> 00:27:12.210

Ann Foster: I did send an email about an hour ago. I'm sorry, it was so late.

57

00:27:12.570 --> 00:27:19.320

Julie Thompson: Yeah, we had a bit of a flurry of last minute things right before the meeting. So, um, and foster please

58

00:27:19.740 --> 00:27:32.490

Ann Foster: Okay. Thank you. Good afternoon. Presidential Lee Thompson senators and guests, first let me thank all of the senators for their contributions to the college through this service on the senate during such a challenging time

59

00:27:33.090 --> 00:27:39.690

Ann Foster: To significant commitment of your time and energy and your expertise and I value each and every voice represented by this group of colleagues.

60

00:27:40.470 --> 00:27:50.010

Ann Foster: Today I would like to encourage the Senate to continue forward progress on the approved motion regarding Guided Pathways recommendations and ranking those recommendations.

61

00:27:50.370 --> 00:27:58.590

Ann Foster: One of the Senate's goals for this academic year is to quote transition Guided Pathways to design phase. Unquote.

62

00:27:59.010 --> 00:28:12.450

Ann Foster: Completing the ranking process. Today, however, sent it moves forward with this process will move senate toward that goal. I recognize there was some concern and confusion regarding the ranking at the last meeting.

63

00:28:12.930 --> 00:28:27.540

Ann Foster: But I have also observed that the Senate process for several years is one that is rooted in democracy, each of you is here as a voting member because your area constituents elected you for your commitment.

64

00:28:27.990 --> 00:28:37.260

Ann Foster: Your integrity expertise within your discipline and your area, as well as your expertise regarding senate purview matters.

65

00:28:37.890 --> 00:28:46.980

Ann Foster: This means we're making decisions regarding ranking on behalf of your constituents who know you will base your decisions today using all the information that has been presented to you.

66

00:28:47.430 --> 00:29:03.570

Ann Foster: Including the rankings of the guided pathway leads drawing upon your knowledge of how these recommendations align with your area and the students served by courses and programs in your area. I have confidence in the city senate bodies decision.

67

00:29:04.650 --> 00:29:13.230

Ann Foster: Will result in a fair and needed step toward transitioning to design and implementation of all of the Guided Pathways recommendations.

68

00:29:14.670 --> 00:29:23.040

Ann Foster: Recommend represents democracy in action and making the commitment to move into design and implementation implementation today.

69

00:29:23.610 --> 00:29:44.040

Ann Foster: honors the hard work of the GP leads the senators the academic Executive Committee and will result in action that directly supports our students educational journeys whether their journey. Last one semester or results in a three to four year exploratory experience, thank you for

70

00:29:46.230 --> 00:29:47.250

Julie Thompson: Thank you and

71

00:29:47.880 --> 00:29:51.510

Julie Thompson: And Amanda is that the whole queue for open forum.

72

00:29:52.380 --> 00:29:53.970

Academic Senate: Yes, that is the whole queue.

73

00:29:54.630 --> 00:30:10.980

Julie Thompson: Okay. Excellent. Thank you. Um, let's move on to approval of the minutes. Um, I received an email from Senator Crawford. I'm with to corrections and I'd like to share those with you at this time and left scandium would like to do that himself.

74

00:30:12.930 --> 00:30:16.410

Canon Crawford: If you have the document that if you have the document that would be easier.

75

00:30:16.950 --> 00:30:20.610  
Julie Thompson: Okay, I do. I'm so I'm

76  
00:30:22.530 --> 00:30:22.950  
Julie Thompson: In

77  
00:30:24.240 --> 00:30:26.010  
Julie Thompson: The Minutes, there's a

78  
00:30:27.660 --> 00:30:30.390  
Julie Thompson: There's a comment about budget advisory committee.

79  
00:30:32.070 --> 00:30:35.460  
Julie Thompson: That was a little bit too general. It said

80  
00:30:36.780 --> 00:30:46.050  
Julie Thompson: The budget advisory committees current hiatus and canon is requesting that we change that to that a feedback loop.

81  
00:30:48.180 --> 00:30:48.990  
Julie Thompson: Yes, go ahead.

82  
00:30:49.050 --> 00:31:06.360  
Canon Crawford: Yes, sorry that that statement was not there. So I wanted that to be included as that was a comment that I made up the prior meeting and consistent with the notes there. I thought that it was relevant to for the good of the body and that essentially I can read that back. Just one second.

83  
00:31:08.310 --> 00:31:09.570  
Canon Crawford: Following prior

84  
00:31:10.770 --> 00:31:29.460  
Canon Crawford: The sentence prior decision to rank their recommendations semi colon that a feedback loop might not be happening with budget of by Pfizer committee on a hiatus which which is I see now might not be fully articulated. But essentially, I was concerned that a feedback loop is not happening.

85

00:31:30.480 --> 00:31:39.990

Canon Crawford: You know with with Budget Matters and Senate and other other bodies on campus so that statement is trying to capture what I said at the last meeting.

86

00:31:40.980 --> 00:31:44.430

Julie Thompson: Thank you. And do you want to address the second one, or do you want me to address that.

87

00:31:44.850 --> 00:32:05.070

Canon Crawford: Yeah, let me take a stab at it. It was in the next action item and the first paragraph that there is a clarification post meeting about what happened with a sec action item and I just want clarification from Executive Committee, how

88

00:32:06.090 --> 00:32:15.480

Canon Crawford: We should document that it seems somewhat annotated the statement is that emotion fail to carry due to requiring a two thirds vote to reorder the agenda.

89

00:32:16.080 --> 00:32:28.200

Canon Crawford: And my point there is that that's post meeting analysis and I just would like that to be documented that way if unless I'm misunderstanding that that statement altogether. I apologize if I must read it.

90

00:32:29.880 --> 00:32:31.590

Julie Thompson: I'm you are

91

00:32:32.640 --> 00:32:36.510

Julie Thompson: Correct. Some people did make the

92

00:32:37.980 --> 00:32:49.680

Julie Thompson: The point during the meeting that it was tabling I'm the person who made the motion stated at twice, and when I called the vote I incorrectly stated it.

93

00:32:50.550 --> 00:33:01.800

Julie Thompson: But that adverb incorrectly was added on as your as cannons word was this is an annotation. This is analysis that we we

94

00:33:02.730 --> 00:33:27.210

Julie Thompson: Strive to avoid in our minutes we try to just report what happened. And so we will take the editorializing out of the last minutes but this conversation today be reflected in today's Minutes, so that it will shed light on the error that we made on December 2. Okay. Are there any other

95

00:33:28.230 --> 00:33:31.500

Julie Thompson: Amendments to the Minutes from December 2

96

00:33:32.910 --> 00:33:35.940

Anne Donegan: Well, well, I would just like to add, sorry.

97

00:33:37.050 --> 00:33:37.770

Julie Thompson: And down again.

98

00:33:38.130 --> 00:33:45.180

Anne Donegan: Thank you, President Thompson. I definitely hear what cannon with with the senator from the library is saying here.

99

00:33:45.720 --> 00:33:53.640

Anne Donegan: But I think both could be reflected in the Minutes right that there was that the there was the confusion right of the moment, and that

100

00:33:54.120 --> 00:34:13.770

Anne Donegan: That there were some who thought that the motion was to reorder the agenda, but that others thought it was to table and and then I think the rest of the statement might make sense, I think, including both is important because the minutes have to record have to record what actually happened.

101

00:34:14.190 --> 00:34:18.030

Julie Thompson: Okay, so what I'm hearing is that we will, um,

102

00:34:19.290 --> 00:34:20.460

Julie Thompson: It's being proposed that

103

00:34:20.460 --> 00:34:32.520

Julie Thompson: we amend the meeting minutes to remove the editorializing but that we do report that some people said x and some people said why

104

00:34:33.570 --> 00:34:33.990

Julie Thompson: Okay.

105

00:34:35.880 --> 00:34:39.360

Julie Thompson: Are there any other amendments to the Minutes.

106

00:34:42.420 --> 00:34:42.840

Julie Thompson: And

107

00:34:44.430 --> 00:34:55.350

Julie Thompson: I'm thinking that, since this is sensitive. What I would like to do is make these revisions and then bring them back to the next meeting for final approval if that sounds agreeable to the Senate.

108

00:34:58.110 --> 00:35:05.880

Julie Thompson: Okay, I'm seeing a thumbs up from John Stover and if any senators see it differently. Can you please speak up. Otherwise, we'll move on.

109

00:35:07.020 --> 00:35:16.650

Julie Thompson: Okay, thanks so much everybody will work on that okay um next agenda on the item is adjustments to the agenda.

110

00:35:20.490 --> 00:35:21.960

Julie Thompson: Hearing then

111

00:35:23.220 --> 00:35:26.760

Julie Thompson: We will move on to report. Do I see a hand.

112

00:35:26.790 --> 00:35:29.190

Canon Crawford: Or a stretch. I didn't have the mute.

113

00:35:31.620 --> 00:35:32.430

Canon Crawford: may speak.

114

00:35:33.300 --> 00:35:33.750

Julie Thompson: In sorry

115

00:35:34.050 --> 00:35:36.390

Canon Crawford: May I speak, please. I am sorry.

116

00:35:37.500 --> 00:35:39.570

Julie Thompson: We are at adjustments to the agenda.

117

00:35:40.530 --> 00:35:45.450

Canon Crawford: Yeah, I would like to pull the item for consent into discussion.

118

00:35:47.040 --> 00:35:48.180

Julie Thompson: Okay, thank you.

119

00:35:52.200 --> 00:35:54.450

Julie Thompson: And I believe that that is

120

00:35:57.420 --> 00:36:03.810

Julie Thompson: not subject to debate and not subject to vote. Anybody come any senator can pull. Okay.

121

00:36:04.950 --> 00:36:06.000

Julie Thompson: We shall do that.

122

00:36:12.270 --> 00:36:17.850

Julie Thompson: And actually we move on. When things are pulled from consent we move them to the action item.

123

00:36:28.020 --> 00:36:37.350

Julie Thompson: Okay, I have added that to the action item list on and this brings us to reports so presidents report.

124

00:36:39.030 --> 00:36:49.830

Julie Thompson: As fall 2020 comes to a close, I would like to thank the many people who have provided support to me this semester and by supporting me have thereby supported the Senate.

125

00:36:50.580 --> 00:37:01.800

Julie Thompson: This has been an extraordinary semester and this Senate has met many challenges debated passionately and made numerous decisions that will support our students learning and their lives.

126

00:37:02.790 --> 00:37:19.440

Julie Thompson: We have also worked hard to grow into our responsibilities and our roles as a center we have made missteps. I have made missteps, and we have helped each other to rectify mistakes, learn and move forward with a stronger sense of our shared commitment to our work.

127

00:37:20.520 --> 00:37:29.100

Julie Thompson: As we get stronger. We are in the confidence of the college community so that they can depend on us to do the work that we have the responsibility and the right to do

128

00:37:30.240 --> 00:37:45.150

Julie Thompson: What we have accomplished a lot this semester. There is much yet to be done revision of the faculty hiring policy and procedure is urgently needed. And my goal is to devote to this as much of the January 20 meeting as possible.

129

00:37:46.680 --> 00:38:01.710

Julie Thompson: Records and support materials are posted on the senator resources page. Please review those before January 20 we will spend the bulk of the January 20 meeting re familiarizing ourselves with the essential questions that we must resolve.

130

00:38:04.260 --> 00:38:12.570

Julie Thompson: We do our best work. I think when we remember our core values the reasons that we entered this profession and ran for the Senate in the first place.

131

00:38:13.050 --> 00:38:20.400

Julie Thompson: At our spring RETREAT ON JANUARY 29 I hope that we will make time for the conversation on Senate values that we have been intending to have

132

00:38:21.360 --> 00:38:27.360

Julie Thompson: challenging questions have the capacity to emphasize our differences of thought and experience.

133

00:38:28.050 --> 00:38:34.470

Julie Thompson: And a clear acknowledgement of the values we share can help to hold us as we engage with those challenging questions.

134

00:38:35.070 --> 00:38:47.400

Julie Thompson: Those challenges include Accreditation Program review revamping shared governance rethinking how we've institutionalized planning and budgeting determining faculty equivalency.

135

00:38:48.450 --> 00:38:52.290

Julie Thompson: And professional development that nurtures the faculties cultural competency

136

00:38:53.340 --> 00:39:03.720

Julie Thompson: Additional upcoming projects include liaising with the student government assembly. I will be attending their retreat during the winter break and also reviewing senate areas.

137

00:39:06.210 --> 00:39:14.130

Julie Thompson: Our work is supported by our values, but it's also supported by a shared understanding of and commitment to our rules parliamentary procedure.

138

00:39:14.640 --> 00:39:24.570

Julie Thompson: Is not to be leveraged or weaponized for specific outcomes. Rather, it is a set of complex rules. But at the heart of those rules is a set of values.

139

00:39:25.200 --> 00:39:40.290

Julie Thompson: The importance of all voices deliberation courtesy efficiency so that we get our work done, respect and fairness confidence and decisions trust and shared understanding

140

00:39:41.790 --> 00:39:47.640

Julie Thompson: Again, I thank you for all of the hours of thought and work that you have given to the Senate this semester.

141

00:39:48.240 --> 00:40:02.340

Julie Thompson: And I think the many senators who have taken on additional responsibilities serving on the Elections Committee participating in Senate exact meetings and sometimes just reaching out for an email exchange or scheduling a zoom chat to talk about something that was on your mind.

142

00:40:03.990 --> 00:40:10.320

Julie Thompson: And then one last piece of housekeeping, which may be redundant. I think that George may address this, but it regards to the chat.

143

00:40:10.710 --> 00:40:17.460

Julie Thompson: It has been requested that motions and amendments be typed into the chat so that everyone can see them.

144

00:40:18.000 --> 00:40:23.850

Julie Thompson: And so that subsequent discussion does not distract us from what we are being asked to consider.

145

00:40:24.540 --> 00:40:35.520

Julie Thompson: It would be helpful to show some chat restraint, when we are that at that part of a meeting so that senators may easily locate the language of motions and any amendments.

146

00:40:36.090 --> 00:40:45.540

Julie Thompson: There in in my report, and I look forward to a productive meeting. Thank you. And next is George salute parliamentarians report.

147

00:40:46.770 --> 00:41:00.270

George Sellu: Thank you, President Thompson. Good afternoon, everyone. Good afternoon, colleagues and guest. Thank you for joining our senate meeting today, I want to begin today's report by apologizing for the confusion at our last meeting.

148

00:41:01.560 --> 00:41:16.440

George Sellu: Yeah. Several. There are several issues that came up at our last meeting a cool have been you know handled, you know, much better. For example, I missed an exact wording of emotion and a lot of senators were unclear about the exact motion I do a voting on.

149

00:41:17.580 --> 00:41:25.140

George Sellu: As your parliamentarian, I pledge to work closely with President Thompson to help address some of these mistakes.

150

00:41:25.770 --> 00:41:37.260

George Sellu: And hopefully as we move forward will have meetings that run smoothly. I hope that will move past those mistakes and listen to one another, and I will deliberate and as we deliberate during our meetings.

151

00:41:38.490 --> 00:41:48.660

George Sellu: I will post a cheat sheet of motions on the academic senate website for your convenience I want to encourage everyone to take advantage of the point of order motion.

152

00:41:49.170 --> 00:41:57.780

George Sellu: As often as needed to get certifications before we vote on agenda items. Let's remember that we're not voting against one another.

153

00:41:58.590 --> 00:42:12.840

George Sellu: But as senators we represent our colleagues, so please do not feel bad about voting on the opposite side of issues with a colleague for today's meeting, I want to provide a few pointers on different aspects of the agenda.

154

00:42:14.370 --> 00:42:22.770

George Sellu: Action for the action item. We have a two agenda items, the guided pathway recommendations and the academic senate Executive Committee.

155

00:42:23.850 --> 00:42:30.480

George Sellu: For the guided pathway item. We have a pending motion on the floor, which was made by Senator Jacobson.

156

00:42:31.110 --> 00:42:39.210

George Sellu: This motion is changing or modifying or qualifying the Guided Pathways resolution that was passed on November 18

157

00:42:40.200 --> 00:42:48.090

George Sellu: Since this motion is changing a resounding an action that was already taken will need two thirds vote to accept the motion on the floor.

158

00:42:49.050 --> 00:42:56.310

George Sellu: IF SENATOR Jacobs in motion passes with a two thirds vote, the Senate will accept the Guided Pathways what group rankings.

159

00:42:56.910 --> 00:43:08.850

George Sellu: However, if this motion fills the Senate will rank the recommendations using the ranking survey that is prepared with 11 recommendations in the support documents for this meeting.

160

00:43:10.590 --> 00:43:18.690

George Sellu: The guided path will recommendations for rankings. They got a proper recommendations are also on the website from November, December 2 meeting.

161

00:43:20.280 --> 00:43:30.150

George Sellu: Right that Missy for academic senate executive expansion will revisit the December second procedural missteps regarding tabling which

162

00:43:31.980 --> 00:43:39.690

George Sellu: A which will have resulted in skipping the academic senate Executive Committee action item at that meeting. So there are two basic options here.

163

00:43:40.350 --> 00:43:53.250

George Sellu: Option one, the Senate may decide to do nothing in response to the tabling motion, in which case the decision regarding Executive Committee positions which include equity at large and I jumped will stand

164

00:43:54.600 --> 00:44:11.430

George Sellu: We will accept the outcome of a December 2 meeting and move forward with those positions option to if the senate believes that the vote to table. She'll be honored. We will, in essence, turn back the clock to a point at which the vote to table was taking

165

00:44:12.630 --> 00:44:16.200

George Sellu: If the Senate's if this is the sentence will, by the way.

166

00:44:17.280 --> 00:44:27.480

George Sellu: Um, so I look forward to talking some more about that. We'll go over that during the meeting today. We have one content item of course that has been pulled. Now that is on the action.

167

00:44:28.320 --> 00:44:38.340

George Sellu: under discussion, we have a black studies and ethnic studies task force this tonight, Mr urgent hands, we will move that item to action during the meeting with a two thirds vote.

168

00:44:39.630 --> 00:44:55.080

George Sellu: With regard to motions. I haven't seen the time yet so keep going, so that the Senate is in agreement with the wording of motions will take care to repeat motions accurately and asked to be recognized. We will use the chat effectively to help

169

00:44:56.130 --> 00:45:10.080

George Sellu: To help our colleagues. See the motions and understand what they're voting on. Let's use the chat carefully so we don't distract from the discussions. Let's go forward, and have a wonderful and productive meeting colleagues.

170

00:45:13.530 --> 00:45:15.150

Julie Thompson: Thank you very much.

171

00:45:16.080 --> 00:45:16.890

Julie Thompson: George salute.

172

00:45:17.070 --> 00:45:18.060

Julie Thompson: Our parliamentarian

173

00:45:19.170 --> 00:45:37.140

Julie Thompson: Okay. Um, we have we have a complicated meeting today. And we've spent a lot of time and people have given us a lot of help to have our structure in place. So without further ado, we will go forward. Our first action item is Guided Pathways

174

00:45:38.970 --> 00:45:59.790

Julie Thompson: And one sec. I'm, I'm going to put the the motion that's on the floor from the last meeting. I'm going to put it in the chat so that everyone can see it and that

said, there are four people in the queue from when we call time on this item two weeks ago.

175

00:46:00.150 --> 00:46:01.500

Julie Thompson: Those people are

176

00:46:01.710 --> 00:46:04.830

Julie Thompson: Monica Okubo summer Winston.

177

00:46:05.880 --> 00:46:07.350

Julie Thompson: Mark billion now ski.

178

00:46:08.610 --> 00:46:09.630

Julie Thompson: And on again.

179

00:46:10.830 --> 00:46:18.750

Julie Thompson: Okay. And I think that and is going to say some initial make some additional remarks before we get started.

180

00:46:20.580 --> 00:46:29.550

Anne Donegan: Actually President Thompson, you pretty much touched them all. I was just gonna say that like parliamentarian salou he's described the situation.

181

00:46:30.030 --> 00:46:37.800

Anne Donegan: There's already a motion on the floor. If it's going to stand. It's going to need two thirds support and there were four people in the queue. So I think we're good to go.

182

00:46:38.340 --> 00:46:43.770

Julie Thompson: Okay, I'm Monica Okubo. Do you still wish to speak to this item.

183

00:46:46.800 --> 00:46:48.210

Monica Ohkubo: No thank you. You can remove me

184

00:46:48.750 --> 00:46:49.800

Julie Thompson: Okay, thank you.

185

00:46:50.250 --> 00:46:51.570

Julie Thompson: I'm summer Winston.

186

00:46:54.810 --> 00:46:56.160

Summer (They/Them): Hi everyone. Can you hear me.

187

00:46:56.640 --> 00:46:57.150

Julie Thompson: Yes.

188

00:46:57.240 --> 00:47:00.540

Summer (They/Them): Yes. Perfect. All right. Um, yeah, my

189

00:47:01.710 --> 00:47:11.490

Summer (They/Them): I'm trying to collect my brain. It was, it's kind of scattered from what happened last time moving our way into this time. What I will say is that

190

00:47:13.230 --> 00:47:20.640

Summer (They/Them): For, for obvious reasons. I definitely want us to make movement in relation to the Guided Pathways

191

00:47:21.660 --> 00:47:32.340

Summer (They/Them): Items and where we are with them. And I also feel it necessary to say that I am really disturbed by some things that happened last meeting.

192

00:47:33.600 --> 00:47:38.610

Summer (They/Them): And it. I think that it really touches on

193

00:47:40.230 --> 00:47:54.390

Summer (They/Them): The heart of why this fight has been really difficult all along the way, in terms of this guided Guided Pathways work last meeting cat made a statement where she said that

194

00:47:56.070 --> 00:48:06.360

Summer (They/Them): Basically saying that she doesn't agree with some of the items in that ranking was going to be an opportunity to eliminate the items that she doesn't agree with

195

00:48:06.810 --> 00:48:24.750

Summer (They/Them): And I found that to be extremely shocking because as a Senate body, we voted to pass all of the items and it just kind of elongated. The distrust that me and I'm sure other folks were already feeling in relation to agendas in relation to this guided pathway work.

196

00:48:26.220 --> 00:48:32.880

Summer (They/Them): And I'm just not quite sure what to do with that because we I've like myself.

197

00:48:33.720 --> 00:48:42.360

Summer (They/Them): My colleague John we like all me other guided pathway leads. We've worked really hard on this to get this work out there.

198

00:48:42.750 --> 00:48:59.490

Summer (They/Them): And to have someone say something that undermined, what was already voted on in the first place was really confusing to work with. And I think for me, speaking for me specifically a part of what makes the ranking confusing as well is that

199

00:49:00.000 --> 00:49:10.560

Summer (They/Them): We never as a Senate body discuss what type of ranking, we were going to do. We were kind of this one type of ranking system was thrust upon us.

200

00:49:10.950 --> 00:49:16.770

Summer (They/Them): And it seemed from a lot of the conversation that has that happened last week that folks.

201

00:49:17.280 --> 00:49:23.670

Summer (They/Them): May not necessarily agree with the ranking system like they may not disagree with ranking as a whole.

202

00:49:24.120 --> 00:49:36.150

Summer (They/Them): But we were never even given a chance to discuss a type of ranking system. And now we're being basically forced to work with this. The ranking system before us, like it's the only one that's possible.

203

00:49:37.260 --> 00:49:53.370

Summer (They/Them): So those were the thoughts that I was having in relation to this and just really confused about why are we only stuck with this one ranking system as though there are no. There are no other possibilities in terms of how we can rank this. Thank you.

204

00:49:54.180 --> 00:49:55.410

Thank you very much.

205

00:49:57.960 --> 00:50:13.290

Julie Thompson: Okay. And may I remind all of us that we address the issues and not individuals. And thank you, Marco you now ski is next in the queue. Do you still wish to address this item.

206

00:50:13.410 --> 00:50:16.290

Marc Bojanowski: I just wanted to express my concern that we weren't getting to the discussion on

207

00:50:17.280 --> 00:50:18.060

Julie Thompson: The. I'm sorry.

208

00:50:18.450 --> 00:50:20.490

Marc Bojanowski: I just wanted I'm fine, thank you.

209

00:50:21.000 --> 00:50:21.390

Julie Thompson: Okay.

210

00:50:21.450 --> 00:50:21.900

Thank you.

211

00:50:23.010 --> 00:50:25.500

Julie Thompson: And on again. Do you still wish to speak.

212

00:50:27.780 --> 00:50:29.610

Anne Donegan: Yes, I do. Thank you, President Thompson.

213

00:50:31.650 --> 00:50:39.570

Anne Donegan: I am concerned that an unintended consequences. A consequence of this current motion is quite undemocratic.

214

00:50:40.170 --> 00:50:55.050

Anne Donegan: I understand that some senators want to rank the way that the guided pathway work groups are suggesting, and that is fine on an individual basis and if each Senate in if an individual center wants to do that. Then he, she or they should

215

00:50:56.280 --> 00:51:09.270

Anne Donegan: But the motion will require that all senators support the work groups read recommendations. This is undemocratic, we have heard from the work group leads

216

00:51:09.840 --> 00:51:21.720

Anne Donegan: We've read their recommendations discuss the recommendations, right, we've heard from our constituents. Now is the time to vote. We are ready to vote.

217

00:51:22.560 --> 00:51:45.570

Anne Donegan: I urge you all to reject this motion and honor the vote from November 18 where we will be able to rank will be able to say this is my favorite recommendation. This is my second favorite recommendation and so on and so on. It's time to act to get this work done. Thank you.

218

00:51:46.770 --> 00:51:55.140

Julie Thompson: Thank you. I see two more people in the queue. And then I would like to move toward calling the question cat valance Layla.

219

00:51:56.400 --> 00:52:02.970

Kat Valenzuela: Thank you, President Johnson, um, I would like to show my support and voting for ranking the recommendations.

220

00:52:03.450 --> 00:52:10.620

Kat Valenzuela: Speaking to a few other senators outside what what happened last meeting there was definitely some sentiment that Senate was

221

00:52:11.430 --> 00:52:16.110

Kat Valenzuela: Feeling strong armed into approving the recommendations, without any question.

222

00:52:17.010 --> 00:52:32.040

Kat Valenzuela: And essentially what that will be doing is turning our organization into rubber stamping anything that comes through and I personally feel like that might be sending a bad message to our college

223

00:52:32.880 --> 00:52:43.740

Kat Valenzuela: Wide constituents, um, it's also the sentence charge to secure professional rights and I don't feel senate is being treated with that professional right

224

00:52:44.130 --> 00:52:55.560

Kat Valenzuela: Or professionalism it deserves. So I would encourage our senators in this vote to vote, how you feel. But I want to also remind senators that it's okay to vote no. Thank you.

225

00:52:56.970 --> 00:52:57.420

Kat Valenzuela: Okay.

226

00:52:58.230 --> 00:53:02.160

Julie Thompson: Thank you. Um, there was another hand in the queue and it is now gone.

227

00:53:03.270 --> 00:53:03.750

Julie Thompson: Okay.

228

00:53:06.030 --> 00:53:25.170

Julie Thompson: So I would like to call the question. Um, the motion that is on the floor is actually in the chat. It has been moved by Senator Jacobson, that the Senate move forward with the ranking by approving the existing ranking that Guided Pathways has put forward.

229

00:53:26.610 --> 00:53:41.610

Julie Thompson: Okay. And again, depending on the outcome of this if this carries by a two thirds vote then we're done. And we will use the guided pathway work group.

230

00:53:43.170 --> 00:54:00.960

Julie Thompson: Rankings that they provided and if this motion does not carry, then we will transition to actually doing the ranking with an online tool that I'm Amanda has created for us and Secretary, though, are you ready and

231

00:54:01.560 --> 00:54:05.730

Paulette Bell: You get ready. I do have a point of order for our Parliament Darien

232

00:54:06.150 --> 00:54:08.280

Paulette Bell: And the point of order question is

233

00:54:09.360 --> 00:54:17.400

Paulette Bell: We need two thirds, one of our senators, it appears that I just did a check that Senator Sean Martin is not here.

234

00:54:17.910 --> 00:54:34.710

Paulette Bell: Which gives us 24 senators President Thompson only votes in the event of the tie. So the number that we are working with is that will that be 24 of the Senate that is here and present at the meeting right now.

235

00:54:35.400 --> 00:54:50.970

Julie Thompson: Actually Paulette, we have two proxies today Sean Martin is absent and has designated, I believe, on and on, again, is that correct, and Rome. Rome and Ollie is also absent today and designated George salou

236

00:54:51.690 --> 00:54:59.640

Paulette Bell: Okay, I saw senator Roman only is she now gone again she was here, but

237

00:54:59.730 --> 00:55:00.300

Paulette Bell: Okay.

238

00:55:01.170 --> 00:55:01.920

Roam Romagnoli (she/her/they/them): I'm here, I'm here.

239

00:55:02.130 --> 00:55:02.490

Okay.

240

00:55:03.540 --> 00:55:09.000

Paulette Bell: Okay so ready with the vote, everybody Aparicio

241

Paulette Bell: Their routine. Yes. And for two thirds, we the 17. Let me count one more time.

283  
00:56:57.630 --> 00:56:58.890  
Paulette Bell: 13 yes

284  
00:57:00.900 --> 00:57:01.890

Paulette Bell: The roster. No.

285

00:57:02.910 --> 00:57:12.450

Julie Thompson: Okay, thank you. The arm the motion fails and therefore we will be on that senators will be

286

00:57:13.740 --> 00:57:17.250

Julie Thompson: Doing some ranking. So here's what we're going to do.

287

00:57:20.220 --> 00:57:32.460

Julie Thompson: So, can I ask the two people. So Sean Martin is not here and Amanda, you already have things queued up for Sean's ballot to go to and on again. Correct.

288

00:57:33.210 --> 00:57:34.380

Academic Senate: That is correct, yes.

289

00:57:35.070 --> 00:57:53.370

Julie Thompson: And then is Rome Roman only still in the meeting so that she should receive. Excellent. Okay. Um, so, Amanda. Can you also make sure that Rome's name her email address is queued up and that her proxies email address personal email address is not in there.

290

00:57:54.180 --> 00:57:56.010

Academic Senate: I have done so, yes.

291

00:57:56.190 --> 00:58:09.750

Julie Thompson: Thanks, Amanda. Um, so I think that with that we are ready to send the ranking tool and I will provide five minutes for this. And I'm going to go ahead and start a stopwatch.

292

00:58:11.370 --> 00:58:13.020

Julie Thompson: And so, Amanda. If you could

293

00:58:15.000 --> 00:58:17.460

Julie Thompson: Let me know when you've when you've sent it.

294

00:58:19.620 --> 00:58:31.920

Julie Thompson: To senators will receive an email, it'll have a link is click on the link. Go to the tool and rank the recommendations as you wish, and

295

00:58:32.160 --> 00:58:39.240

Tara Jacobson: Julie. I just want to give you a time we're about five minutes from the discussion time for this. So that's good timing.

296

00:58:40.260 --> 00:58:41.640

Julie Thompson: Okay. Excellent. Thank you.

297

00:58:56.370 --> 00:58:57.870

Academic Senate: So that has been sent.

298

00:58:58.680 --> 00:58:59.640

Academic Senate: Out one minute ago.

299

00:59:00.570 --> 00:59:05.040

Julie Thompson: Okay, I am going to start the five minute count.

300

01:01:36.750 --> 01:01:37.170

Yeah.

301

01:03:19.980 --> 01:03:51.450

Julie Thompson: 15 seconds left.

302

01:04:05.580 --> 01:04:07.680

Julie Thompson: Okay that's time

303

01:04:11.250 --> 01:04:11.760

Okay.

304

01:04:23.520 --> 01:04:28.890

Julie Thompson: Okay. So at this point I'm Amanda should have. I see it. I see a hand.

305

01:04:29.970 --> 01:04:33.390

Anne Donegan: Yeah, I just want to make a point of order, President Thompson.

306

01:04:34.500 --> 01:04:42.480

Anne Donegan: Amanda was able to send me the email for Sean's proxy vote to my private email but they wouldn't let me retake

307

01:04:43.020 --> 01:04:54.480

Anne Donegan: The survey I guess because my name is connected to both emails. So I did. I do have a picture of that and I sent Sean's rankings to Amanda by email. I just want everybody to know that.

308

01:04:54.960 --> 01:04:55.320

Okay.

309

01:04:56.370 --> 01:04:58.170

Julie Thompson: Okay, thank you. Um,

310

01:04:59.490 --> 01:05:01.860

Julie Thompson: I see Amanda has her hand up.

311

01:05:06.030 --> 01:05:14.490

Academic Senate: Um, hi. Sorry, I am I actually sent you a copy of the survey. So you should be able to fill that out.

312

01:05:16.500 --> 01:05:17.730

Academic Senate: If there's time. I don't know.

313

01:05:18.270 --> 01:05:27.150

Julie Thompson: There is not time I'm afraid you know I'm terribly sorry about that. So, and you sent. I'm sorry.

314

01:05:29.820 --> 01:05:32.820

Julie Thompson: You sent a screenshot recording your votes.

315

01:05:33.660 --> 01:05:38.190

Anne Donegan: I sent an email from my Santa Rosa account to Amanda

316

01:05:38.580 --> 01:05:40.770

Anne Donegan: With Sean ranking. He gave me a list.

317

01:05:42.090 --> 01:05:42.450

Anne Donegan: And

318

01:05:43.470 --> 01:05:49.260

Anne Donegan: And I have a screen I took a picture with my phone that I just sent to you and Amanda that says, You're not allowed to take the survey.

319

01:05:49.920 --> 01:05:50.700

Anne Donegan: You've already know.

320

01:05:51.690 --> 01:06:01.080

Julie Thompson: Okay, I'm in the interest of time, so we have all other senators have entered their votes.

321

01:06:02.160 --> 01:06:05.370

Julie Thompson: I don't want to use time for this specific thing, um,

322

01:06:06.390 --> 01:06:23.370

Julie Thompson: During the meeting. So let's problem solve, down the road. Um, and figure out a fair solution and include everybody who needs to be included on that in that decision and we'll go from there. And I'm sorry that we can't announce our results at this moment.

323

01:06:25.620 --> 01:06:26.040

Julie Thompson: Okay.

324

01:06:29.250 --> 01:06:30.660

Julie Thompson: And I'm sorry about that. We

325

01:06:32.880 --> 01:06:42.210

Julie Thompson: We did test runs and everything. I thought we had all the kinks out of the system. There it is. Okay, I'm moving on in the agenda, then

326

01:06:45.930 --> 01:06:48.960

Julie Thompson: Next item is the senate Executive Committee.

327

01:06:49.980 --> 01:06:51.450

Julie Thompson: This one is complicated.

328

01:06:53.580 --> 01:06:57.330

Julie Thompson: And George, can you and I partner on this one.

329

01:06:59.070 --> 01:07:00.780

Julie Thompson: Introducing the next action item.

330

01:07:09.690 --> 01:07:12.060

Julie Thompson: Future you're muted. Yes, I

331

01:07:12.930 --> 01:07:13.920

George Sellu: Just want to get my agenda.

332

01:07:15.900 --> 01:07:16.530

Julie Thompson: Okay.

333

01:07:19.440 --> 01:07:36.990

Julie Thompson: Okay, and I see um I received a text. Somebody else had a power problem during the voting and it is have to say how sorry I'm that this is glitchy that we're trying to do these these votes in a virtual situation. So we'll, we'll work the kinks out and we'll

334

01:07:38.130 --> 01:07:51.540

Julie Thompson: WE'LL DETERMINE a fair result that everyone can feel confident about. So let's move on to send it exactly. Um, so, George, do you want to remind us of what you said during your parliamentarians report to help us.

335

01:07:52.740 --> 01:07:54.480

Julie Thompson: Understand where we are with this item.

336

01:07:55.140 --> 01:08:09.420

George Sellu: Okay, so for this item. We have two options, right. The first option is we'll decide to we will decide to do nothing and let the vote from the last meeting stand that is we're moving forward with

337

01:08:10.800 --> 01:08:14.310

George Sellu: Having those three positions for equity at large and I jumped.

338

01:08:15.330 --> 01:08:21.150

George Sellu: Oh, we want to revisit option two is to revisit the vote about

339

01:08:22.380 --> 01:08:25.860

George Sellu: tabling and then that means we'll have to then

340

01:08:27.660 --> 01:08:32.340

George Sellu: resend that vote and then agenda is this item for a future meeting.

341

01:08:33.510 --> 01:08:36.870

George Sellu: Two options we have and you know I'm hoping and praying that

342

01:08:37.950 --> 01:08:39.720

George Sellu: Option one sounds really good to everybody.

343

01:08:42.330 --> 01:08:43.650

Julie Thompson: Okay, um,

344

01:08:45.450 --> 01:08:49.740

Julie Thompson: Is there anyone in the queue here um

345

01:08:52.770 --> 01:08:53.490

Julie Thompson: I see.

346

01:08:55.380 --> 01:08:57.000

Julie Thompson: And on again is in the queue.

347

01:08:58.650 --> 01:08:59.460

Anne Donegan: Thank you.

348

01:09:00.480 --> 01:09:01.860

Anne Donegan: Thank you, President Thompson.

349

01:09:03.420 --> 01:09:14.430

Anne Donegan: As President Thompson said in her email early this week and as parliamentarian salute just discussed, we're in a pretty tough spot here.

350

01:09:15.120 --> 01:09:31.230

Anne Donegan: Because the Senate is a democratic body and votes matter and we had two votes at the last meeting right one vote to table and it passed. But then there was confusion.

351

01:09:31.860 --> 01:09:56.100

Anne Donegan: And a row and a wrong decision right and a mistake and then the the exec vote to expand the exact also passed and that vote should matter to right but we can't let both of those motions exist at the same time, right, because they contradict each other. It doesn't make sense.

352

01:09:57.510 --> 01:10:00.660

Anne Donegan: So I thought about this a lot and

353

01:10:01.980 --> 01:10:04.050

Anne Donegan: It was my motion to table.

354

01:10:05.190 --> 01:10:18.390

Anne Donegan: And I thought about what the decision was that came out of the discussion and voting subsequently after the mistake. And I think for the good of the body.

355

01:10:19.800 --> 01:10:41.640

Anne Donegan: And for time and the good of the body that I'm happy to relinquish my motion and we can move on. But I'm only one of 14 people who voted to table and I

don't speak for those 14 people. And I don't think it would be fair for me to make this decision, but if someone else wants to

356

01:10:42.840 --> 01:10:51.510

Anne Donegan: Make emotion that's fine, but I'm just saying it was my emotion and I'm fine with resending it. Thank you. Okay.

357

01:10:54.720 --> 01:11:01.650

Julie Thompson: And maybe I'll let people kind of sit with that for a minute, always see Joe fast learner is in the queue.

358

01:11:03.240 --> 01:11:11.040

Joe Fassler: Yeah, I just clarify what I thought the vote, man. Last time I really sort of thought as a procedural if I'm, if we're talking about the same thing, which I think we are

359

01:11:11.490 --> 01:11:18.720

Joe Fassler: I thought as sort of a procedural thing that we were just trying to get to another. And it's like we were reordering the agenda items. I didn't think we were

360

01:11:19.170 --> 01:11:27.780

Joe Fassler: Formerly putting this away or doing anything like that. It was just, we weren't, we were just going to come back to it later. That was how I understood the vote and I voted, I think I voted to table.

361

01:11:28.980 --> 01:11:34.620

Joe Fassler: Because it seems like you know that that was the. That was the direction of the senate one late, you know, Julie European to go

362

01:11:35.490 --> 01:11:44.190

Joe Fassler: Basically with with getting on to the next item so that we could get to it before the board meeting, I think. And so I was willing to support that, but I'm certainly not trying to get rid of this item.

363

01:11:45.030 --> 01:11:56.190

Joe Fassler: And my inclination right now is to go with Georges if I understand it. Right. They do nothing option is the easiest forward and i and i think i'm a supporter of that. So I'll but i'll leave other people to say, other things. So

364

01:11:56.850 --> 01:11:58.740

Julie Thompson: Okay, and thank you.

365

01:11:59.940 --> 01:12:03.210

Julie Thompson: Thank you Joe next in the queue is Jen Carlin Goldberg

366

01:12:04.740 --> 01:12:05.700

Jen (she/her) Carlin-Goldberg: Hello. Thank you.

367

01:12:07.740 --> 01:12:08.400

Jen (she/her) Carlin-Goldberg: I

368

01:12:11.220 --> 01:12:20.460

Jen (she/her) Carlin-Goldberg: When the when the mistake happened, I think, oh, I was actually I was I was surprised I trusted

369

01:12:21.510 --> 01:12:23.580

Jen (she/her) Carlin-Goldberg: George's statement, but

370

01:12:24.630 --> 01:12:25.650

Jen (she/her) Carlin-Goldberg: I mean it is

371

01:12:27.420 --> 01:12:34.050

Jen (she/her) Carlin-Goldberg: Now, I found it difficult afterwards to

372

01:12:35.310 --> 01:12:46.200

Jen (she/her) Carlin-Goldberg: Well, maybe not to concentrate, but I certainly felt more stress and more confusion over what was going on. Afterwards, and I and I

373

01:12:47.910 --> 01:13:07.230

Jen (she/her) Carlin-Goldberg: I have a feeling that I wasn't the only one. And it's, it made it more difficult. I think for us to make good decisions, perhaps afterwards I do agree that it would certainly be easier to just let it

374

01:13:09.000 --> 01:13:15.930

Jen (she/her) Carlin-Goldberg: You know, let to let it go and just go with the, the decision we made on the executive committee.

375

01:13:17.070 --> 01:13:34.650

Jen (she/her) Carlin-Goldberg: But I also think that I wonder what kind of a decision would we have made if we we hadn't made the mistake and we had temporarily tabled the item on to discuss it later muscle. Thank you.

376

01:13:35.280 --> 01:13:35.790

Julie Thompson: Thank you.

377

01:13:36.450 --> 01:13:37.740

Julie Thompson: Kat balance Layla.

378

01:13:38.730 --> 01:13:43.710

Kat Valenzuela: Thank you, President Thompson. I'm I am in supportive actually tabling this

379

01:13:44.280 --> 01:13:54.390

Kat Valenzuela: I feel like this is one of those messy math problems where you have 10 pages of scratch work and you're still unable to solve the problem.

380

01:13:54.780 --> 01:14:03.870

Kat Valenzuela: And so, you know, one of the things you do, is you start fresh. You know, they throw away the scratch paper and you retry the problem all over again, fresh and new.

381

01:14:04.950 --> 01:14:15.240

Kat Valenzuela: And, you know, looking back at the minutes of the conversation that did happen you know after everything after the table. The motioning table.

382

01:14:15.630 --> 01:14:26.910

Kat Valenzuela: Wasn't quote unquote successful was there was this discussion in the Minutes of, you know, what about professional development. What about these other ideas that we could make these out large positions.

383

01:14:27.750 --> 01:14:39.210

Kat Valenzuela: Be something else. So I feel like you know we're in the kind of early stages where senate kind of really needs to figure out what do we really want these positions to be

384

01:14:40.200 --> 01:14:50.580

Kat Valenzuela: Because we want them to be successful. We want people to sign up for them. But if we aren't doing our faculty favors if we are saying, here's a position and we don't know what you're going to do yet.

385

01:14:51.090 --> 01:15:05.310

Kat Valenzuela: And so I you know I definitely would like to do the second option for George where we just table. A the Navy over winter break we all think about where we want to take this, sir. Thank you.

386

01:15:05.910 --> 01:15:07.080

Julie Thompson: Okay, thank you.

387

01:15:09.600 --> 01:15:12.030

Julie Thompson: And at this point, there is no one else in the queue.

388

01:15:15.780 --> 01:15:20.550

Julie Thompson: There is Tara Jacobson is in the queue, Terry. Hi.

389

01:15:21.000 --> 01:15:35.970

Tara Jacobson: Hi. Um, yeah, that was kind of tricky because I think we were confused on whether it was two thirds or, you know, majority on that one. But we did have a great discussion on it and we did make a decision as a Senate body.

390

01:15:37.470 --> 01:15:43.620

Tara Jacobson: I feel like this is a pilot. So, um, I don't know that we need to

391

01:15:44.730 --> 01:16:00.030

Tara Jacobson: You know, I think we can move forward as the pilot and we can figure out does you know having some flexibility with the at large. I think having an adjunct voice is really important. And then we can see. Does it, does that leave us more room to

392

01:16:01.080 --> 01:16:10.380

Tara Jacobson: Invite more people into it because it's not one specific role or theme that it you know that could be some more flexibility with who

393

01:16:11.040 --> 01:16:15.900

Tara Jacobson: IS INTERESTED TO BRING IN AND and give their valued perspective and rather than it be

394

01:16:16.440 --> 01:16:28.410

Tara Jacobson: Really narrow at this point and then down the road. We have an opportunity to have another discussion and say, Did that work is, you know, would it be better this other way. So I just feel like, because it's a pilot.

395

01:16:29.490 --> 01:16:42.960

Tara Jacobson: It's not written in our bylaws, or constitution, at this point, these other positions that it makes sense to to keep it probably we voted that's and we have a really important. Agenda item at the end that we want to get to

396

01:16:44.430 --> 01:16:54.270

Tara Jacobson: That, you know, we, and then we have an extra one, we need to discuss, which is the consent one so I feel like you know we have some time with this one. It doesn't have to be.

397

01:16:56.190 --> 01:17:02.850

Tara Jacobson: You know, we can we can put players in that in the seats and then, you know, see if that ends up working down the road. Okay.

398

01:17:03.930 --> 01:17:07.710

Julie Thompson: Thank you. Um, and next in the queue is George solution.

399

01:17:08.700 --> 01:17:17.400

George Sellu: Yes, thank you very much, President Thompson, again, I just want to echo what my colleague, you know, sent Jacob senior said

400

01:17:18.090 --> 01:17:28.320

George Sellu: We want to be clear that this is not a this is a pilot. It's not in our Constitution and bylaws about dispositions. So this is a trial run so

401

01:17:29.040 --> 01:17:40.710

George Sellu: If we if we decided the body decides to table days, based on what President Thompson, just click clearly explain to us about what we're thinking about doing in January.

402

01:17:41.280 --> 01:17:50.700

George Sellu: This will be our agenda is and maybe it wouldn't be able to address this till much later maybe February of next year, and also

403

01:17:52.710 --> 01:18:01.500

George Sellu: As a black man I Santa Rosa Junior College. We've talked about diversifying senate while we're waiting, let's start somewhere. Right.

404

01:18:02.340 --> 01:18:12.180

George Sellu: Being black doesn't equate a professional development doesn't equate to SLO it with those other thing we're conflating very different things here. Let's diversify the senate now.

405

01:18:13.320 --> 01:18:20.460

George Sellu: And we can professional development. We come later on those things will come, but this is going to be stuck somewhere. And so I asked my colleagues.

406

01:18:22.530 --> 01:18:24.810

George Sellu: To think about this motion going forward. Thank you.

407

01:18:26.070 --> 01:18:26.700

George Sellu: Thank you.

408

01:18:27.930 --> 01:18:30.900

Julie Thompson: Um, we have good arguments here and I

409

01:18:32.760 --> 01:18:38.910

Julie Thompson: There's no one else in the queue at this point. So there is a cat is in the cube.

410

01:18:40.080 --> 01:18:57.120

Kat Valenzuela: So I guess I have a question. President. Um, do we have a motion on the floor. Currently, no. So then I would like to make a motion, just to keep us going in some direction whatsoever. It is that we table this

411

01:18:58.500 --> 01:19:01.140

Kat Valenzuela: I agenda item. Okay.

412

01:19:03.150 --> 01:19:08.520

Julie Thompson: We have a and we're going to use the chat. So since you have made a motion would you put the, sorry.

413

01:19:10.470 --> 01:19:14.010

Julie Thompson: Put that in the chat for us please so that everyone can see what your motion is

414

01:19:15.570 --> 01:19:25.740

Tara Jacobson: Can I also do a point of order tabling means that we take it off and we have to vote to bring it back or we postponing it to the next meeting.

415

01:19:28.320 --> 01:19:29.070

Julie Thompson: So,

416

01:19:30.150 --> 01:19:36.180

Anne Donegan: Can I just make a quick point I think Tara's on to something. But actually, I just want to clarify point of clarification.

417

01:19:36.510 --> 01:19:49.620

Anne Donegan: Cat. Are you saying that we table this discussion now or that we honor the tabling from the last meeting and then start the discussion again, I just want to be clear on what you want a point

418

01:19:49.680 --> 01:19:56.160

Kat Valenzuela: Thank you. The second one that you said that we honor the tabling of the motion from the last meeting.

419

01:19:58.620 --> 01:20:06.690

Joe Fassler: Okay, I have a point of order, I descended did vote at our last meeting also to move to, kind of, you know, to not. I mean,

420

01:20:07.260 --> 01:20:18.090

Joe Fassler: We didn't take action at the last meeting on this item. So I don't think we should invalidate that action, just because there was a kerfuffle which I perceived as procedural rather than decisive.

421

01:20:19.350 --> 01:20:21.030

Joe Fassler: So I just want to point that out.

422

01:20:23.220 --> 01:20:30.810

Laura Aspinall: Another point of order, I think terrorists are the senator from cats comments still stand as far as when we use the word tabling

423

01:20:31.620 --> 01:20:38.880

Laura Aspinall: I did it some, you know, because what else do you do on a Tuesday night during a pandemic reading of Robert's Rules last night and

424

01:20:39.660 --> 01:20:46.860

Laura Aspinall: There is a variety of different definitions and we've been using them. We've been conflating them. So I think we need to be clear on how we're using that term.

425

01:20:48.240 --> 01:20:54.240

Laura Aspinall: It could be any definite tabling. It could be a postponement, it could be a tabling coming back at a specific date.

426

01:20:58.650 --> 01:21:02.130

Julie Thompson: And the also the point that there is

427

01:21:03.120 --> 01:21:27.120

Julie Thompson: As vice president Donegan said in her remarks. There are two motions that passed from the last meeting. There's the table in motion that past, there is the decision about the composition of the executive committee that past as well. And I see an April Oliver's hand senator Oliver.

428

01:21:27.630 --> 01:21:36.750

April Oliver: I thank you for letting me speak. I'm sorry to ask this may be very basic question, but I really want to make sure I understand. When we say tabling

429

01:21:37.260 --> 01:21:59.160

April Oliver: Are we saying that nothing has been voted on, like we have not made a decision for who is on the senate executive committee with these new positions like not even are we keeping the President, Vice President, I just want to be really clear on what exactly is remaining if we table it

430

01:21:59.670 --> 01:22:02.460

Julie Thompson: Yeah, I would be happy to clarify that.

431

01:22:02.940 --> 01:22:07.530

Julie Thompson: The Senate at a previous meeting, I think, in October, I think it was October 7

432

01:22:07.620 --> 01:22:16.170

Julie Thompson: Um, had already decided. And so first of all, President, Vice President executive secretary

433

01:22:16.770 --> 01:22:35.820

Julie Thompson: Past President. PRESIDENT ELECT parliamentarian, those things are already codified in the bylaws with the senate already decided on October 7, I believe, was that it would expand the size of the senate Executive Committee, the Committee would have eight people executive committee would

434

01:22:37.110 --> 01:22:54.990

Julie Thompson: Henceforth include the Parliamentarian which had not previously been the case that the past president could be a past president, so that it wouldn't necessarily have to be the immediate past president today are already say eight people.

435

01:22:56.640 --> 01:22:59.490

Julie Thompson: Eight people you decided that is the Senate.

436

01:23:00.840 --> 01:23:12.960

Julie Thompson: And that we would add an additional seats and since we had already identified five and the Senate head are also determine that the committee would have eight

437

01:23:13.260 --> 01:23:30.540

Julie Thompson: That left three seats that needed to be defined. Okay. And you also decided that it would be a two year pilot. Okay, so those things were already decided. And so this decision here is narrow, it's on how to define those three remaining seeds.

438

01:23:31.830 --> 01:23:43.950

Julie Thompson: So that's, that's really the only thing under discussion. So the, the elections for Vice President, Secretary a past president, those can and will go forward today is planned.

439

01:23:44.610 --> 01:23:45.090

Julie Thompson: Does that help

440

01:23:45.870 --> 01:24:00.810

April Oliver: Yeah, I guess I'm sorry I wasn't clear about my question. So if we table it do we leave those three seats as something that will still be filled, or do we wait and we just fill the five based on our election.

441

01:24:01.260 --> 01:24:14.880

April Oliver: And whoever's already in it like the Parliamentarian and then wait until whenever we discuss it again on the agenda to fill or decide what is to be done with those extra three seats. That's what I'm not clear on

442

01:24:15.990 --> 01:24:28.290

Julie Thompson: And I share your welcome to clarity. We have put in in like Laura was saying, Laura Tara Monica a whole bunch of people have been doing research, George and I

443

01:24:29.220 --> 01:24:44.310

Julie Thompson: Over the last couple of weeks trying to get a definitive answer. We talked with Stephanie curry from as triple C and it's we are in very confusing territory here. And I think this is one of those instances where as a Senate.

444

01:24:45.390 --> 01:24:46.410

Julie Thompson: We are

445

01:24:48.060 --> 01:24:57.300

Julie Thompson: Since there's not a really clear path for us to deal with this weird thing that happened. We're going to have to use the rules as best we can.

446

01:24:57.600 --> 01:24:59.760

Julie Thompson: To make a decision that the Senate.

447

01:25:00.900 --> 01:25:11.370

Julie Thompson: Feels at peace with and that allows us to move forward on with our relationships preserved as much as possible so that nobody feels like they really got

448

01:25:14.490 --> 01:25:34.620

Julie Thompson: That their, their rights were violated and in some really intolerable way so that's that's the challenge that's before us right now. So thank you for that. Um, April, did you have anything else that you wanted to say or ask before. Okay. Um, and can I ask, Tara. How we are in time.

449

01:25:37.080 --> 01:25:39.630

Tara Jacobson: We have six minutes left.

450

01:25:40.170 --> 01:25:40.560

Okay.

451

01:25:42.660 --> 01:25:43.710

Julie Thompson: next in the queue is

452

01:25:43.710 --> 01:25:44.850

Julie Thompson: Michael Aparicio

453

01:25:46.770 --> 01:26:04.530

Michael Aparicio: Yes, I just need some clarity, I, my sense of reading the room is that we're ready for a vote, but we don't know how to proceed, can, can someone clarify what we need to vote on and and I'll be happy to, to, to move if we're waiting for emotion. Okay.

454

01:26:04.800 --> 01:26:06.510

Julie Thompson: We do have emotion on the floor.

455

01:26:06.840 --> 01:26:10.650

Julie Thompson: Recall, there has not yet been a second um

456

01:26:12.270 --> 01:26:20.370

Julie Thompson: So one of one of the questions for us is, um, whether a vote that might be

457

01:26:22.260 --> 01:26:28.650

Julie Thompson: The vote for the executive committee because it was actually taken you know there were those decisions about the three

458

01:26:29.220 --> 01:26:44.340

Julie Thompson: Positions, would it require a two thirds vote to resend that. And so one of the things for us to think about is just in reading the room. Does it seem like there's a two thirds. Right. You know, in terms of making emotion that feels like it's just

459

01:26:45.510 --> 01:26:47.700

Julie Thompson: You know that it's fated to

460

01:26:49.170 --> 01:26:59.880

Julie Thompson: To feel defensive or whatever. And so there's a question about that. And there is also a question about the tabling motion.

461

01:27:00.420 --> 01:27:21.780

Julie Thompson: And if we decide to do nothing about the motion that was the table emotion that did indeed pass last time, if we do nothing about it, then it would in kind of a de facto way allow this senate exact decision about those three positions to stand and that would need no further.

462

01:27:23.700 --> 01:27:28.440

Julie Thompson: Motion and next in the queue YC Monica.

463

01:27:30.570 --> 01:27:31.710

Monica Ohkubo: Thank you, President Thompson.

464

01:27:32.940 --> 01:27:40.170

Monica Ohkubo: I want to make sure I'm clear that we're talking about two different things as the previous editor stated, I'm understanding it as

465

01:27:41.340 --> 01:27:45.180

Monica Ohkubo: There was a procedural hiccup. And that's being

466

01:27:47.730 --> 01:27:52.650

Monica Ohkubo: That that is being you know the person that made the tabling

467

01:27:52.950 --> 01:28:02.280

Monica Ohkubo: It was intended to be a table motion that turned into a reordering motion officially because, as President, when you restate it, it will be voted on it turned out to be reordering and that's where the mess came right so

468

01:28:03.090 --> 01:28:18.690

Monica Ohkubo: The procedural vote was taken. And so the maker of that motion is willing to say, okay, let it go to make the possible well and then as it stands, the motion that was made that past still stands that we passed the motion that said

469

01:28:19.890 --> 01:28:30.990

Monica Ohkubo: Three people three new officers. The, the equity at large full time at large AGILE, right. So if we do nothing. Right now, how to

470

01:28:32.040 --> 01:28:33.300

Monica Ohkubo: Like how do, how do we

471

01:28:35.280 --> 01:28:43.830

Monica Ohkubo: Wait, you're like, when when the previous editor said, you know, of course, I wish we could do nothing. Let's not still equity. I'm fully in support of that. And so how do we do that.

472

01:28:45.870 --> 01:29:03.300

Julie Thompson: My understanding is that if if this conversation leads to no further action. We're done. And the decision that we made on December 2 to have one of the

positions be equity and one be at large. And when be for an adjunct that that will stand. That is my understanding.

473

01:29:05.460 --> 01:29:06.960

Julie Thompson: And Laura Aspinall

474

01:29:08.700 --> 01:29:20.550

Laura Aspinall: The road route of my math yes i that is my understanding as well. If there is no second on the motion and there is no further discussion, then we would move on with this item we would move on from this item.

475

01:29:23.040 --> 01:29:31.920

Julie Thompson: And I see and on again in the queue. And I'm just going to check with my time keeper. I'm Tara, where are we on are you going to give us the one minute.

476

01:29:32.310 --> 01:29:38.460

Tara Jacobson: Yeah, we have. I was almost going to give it to my sorry we were two minutes left.

477

01:29:38.910 --> 01:29:41.460

Julie Thompson: Two minutes. Okay, thank you. Um, and on again.

478

01:29:41.790 --> 01:29:55.080

Anne Donegan: Just really quickly, while I personally am opposed to this motion. I feel like that center the relevance Layla was one of the people who had her vote ignored. So I'm gonna second term motion and I call for the vote.

479

01:29:56.010 --> 01:29:56.490

Okay.

480

01:29:58.470 --> 01:30:00.450

Julie Thompson: And, um, okay.

481

01:30:02.130 --> 01:30:10.920

Julie Thompson: And Seeing no further people in the queue wishing to speak to the motion, I will ask our secretary Paulette, are you ready to

482

01:30:11.280 --> 01:30:11.940

George Sellu: Learn a photo.

483

01:30:12.570 --> 01:30:15.630

George Sellu: Wait, what's the exact wording of the motion.

484

01:30:16.320 --> 01:30:20.490

Julie Thompson: Okay I motion to honor the tabling from the last meeting.

485

01:30:21.780 --> 01:30:24.180

Julie Thompson: It's been. We have a motion and a second.

486

01:30:24.300 --> 01:30:30.780

Monica Ohkubo: Have a point of clarification, can, can it be stated what a yes vote means and a no vote means just so we're all really clear.

487

01:30:31.020 --> 01:30:33.930

Tara Jacobson: resending the vote from last time. Correct.

488

01:30:34.080 --> 01:30:35.610

Monica Ohkubo: So what is a yes vote me

489

01:30:37.620 --> 01:30:49.230

Julie Thompson: And, um, my understanding is that we're then looking at. So if we agree to table it, then I think we're looking at calling for a vote to resend

490

01:30:51.030 --> 01:30:56.700

Julie Thompson: The Senate exact decision, which would require a two thirds vote that turning back the clock.

491

01:30:58.020 --> 01:31:09.180

Julie Thompson: Let me restate that I'm voting to honor the tabling does not in and of itself resend the vote on the three senate exact positions.

492

01:31:12.030 --> 01:31:13.320

Tara Jacobson: We have 30 seconds left.

493

01:31:13.800 --> 01:31:14.310

Okay.

494

01:31:17.820 --> 01:31:21.390

Julie Thompson: Does everyone feel ready for pilot to call the vote.

495

01:31:22.560 --> 01:31:23.040

Monica Ohkubo: And I just

496

01:31:23.730 --> 01:31:25.200

Monica Ohkubo: I it was

497

01:31:25.260 --> 01:31:28.050

Monica Ohkubo: YES VOTE mean like, could it be just

498

01:31:28.590 --> 01:31:30.660

Monica Ohkubo: Looking clearly. I'm just saying.

499

01:31:31.350 --> 01:31:35.790

Julie Thompson: If this motion passes. And if we honor the tabling from the

500

01:31:37.170 --> 01:31:50.580

Julie Thompson: From the last meeting, then it would open the door to then I'm calling for a somebody would need to then at that point. Make a motion to rescind the senate exact

501

01:31:52.170 --> 01:31:59.550

Julie Thompson: Vote from last meeting and they would need to be a second and there would need to be a two thirds vote to resend it

502

01:32:01.620 --> 01:32:01.890

Monica Ohkubo: You

503

01:32:02.160 --> 01:32:02.880

Lauren Nahas: Know vote.

504

01:32:03.450 --> 01:32:12.870

Julie Thompson: And no vote means that we do not honor the tabling from the last minute and the decision about the three senators exact positions will stand

505

01:32:13.650 --> 01:32:14.280

Lauren Nahas: Okay, thank you.

506

01:32:15.570 --> 01:32:16.530

Julie Thompson: So, everybody ready

507

01:32:18.060 --> 01:32:20.970

Sarah swhyly@santarosa.edu: No.

535

01:33:29.700 --> 01:33:30.450

Paulette Bell: Winston.

536

01:33:31.770 --> 01:33:32.280

Summer (They/Them): Know,

537

01:33:33.180 --> 01:33:33.810

Complete

538

01:33:37.200 --> 01:33:50.400

Julie Thompson: The motion feels the December 2 decision about the composition of the executive committee, those three additional seats stands and Senate exact will get busy on

539

01:33:51.450 --> 01:34:08.970

Julie Thompson: Soliciting interest for people to run for those seats. Here's another thing I forgot to say earlier about the decision that the Senate made in October and those three additional seats can be filled by either a sitting senator or a past senator so

540

01:34:10.560 --> 01:34:21.060

Tara Jacobson: On the on the Constitution. It says current senators to just, I would just double check that because it says current centers on current and past on the Constitution.

541

01:34:22.320 --> 01:34:29.850

Julie Thompson: Um, I'd be happy to have the conversation when we check that outside of. But yeah, we've looked at that, but I'm happy to talk about that one again.

542

01:34:30.990 --> 01:34:42.120

Julie Thompson: Okay. Um, that was a really heavy lift and I thank you for your hard work on that issue on. Okay, so I'm just going to quickly consult the agenda.

543

01:34:43.980 --> 01:34:56.850

Julie Thompson: We have credit for prior learning. We have the elections for Vice President, Secretary and past president and we have a break scheduled and we have the black studies and ethnic studies Task Force recommendations.

544

01:34:58.290 --> 01:35:12.900

Julie Thompson: I'm going to make a recommendation and tell me what you think. So when something is on the consent agenda. It can be pulled and move to the action item to the action agenda, I would like to suggest that we

545

01:35:14.730 --> 01:35:33.360

Julie Thompson: Not use time for that. Today I'm concerned, we need to do the elections for those three positions on send an exact and we also absolutely have to get

to the Black Studies and ethnic studies Task Force recommendations I would like permission to move the credit for prior learning

546

01:35:34.530 --> 01:35:36.660

Julie Thompson: Action Item to a future agenda.

547

01:35:39.210 --> 01:35:41.100

Julie Thompson: Is there any protest.

548

01:35:41.460 --> 01:35:46.800

Anne Donegan: I move that we table credit for prior learning to the next available meeting.

549

01:35:47.730 --> 01:35:48.480

Jen (she/her) Carlin-Goldberg: I second that.

550

01:35:49.140 --> 01:35:53.520

Sarah swhyly@santarosa.edu: Wiley. Yes.

579

01:36:50.700 --> 01:36:52.500

Summer (They/Them): Winston, yes.

580

01:36:52.710 --> 01:36:53.280

Complete

581

01:36:56.190 --> 01:36:56.580

Julie Thompson: Okay.

582

01:36:59.520 --> 01:37:01.800

Julie Thompson: Do you have an account for me it

583

01:37:01.890 --> 01:37:04.140

Paulette Bell: Appears unanimous. Thank you.

584

01:37:04.200 --> 01:37:04.560

Okay.

585

01:37:05.610 --> 01:37:12.000

Julie Thompson: Thank you for that. Okay, we are going to now move on to the elections, um, and

586

01:37:13.620 --> 01:37:17.400

Julie Thompson: I'm going to first check with Amanda

587

01:37:18.540 --> 01:37:23.670

Julie Thompson: To make sure that that the the email ballot is queued up

588

01:37:26.520 --> 01:37:27.540

Academic Senate: Yes, it is.

589

01:37:27.900 --> 01:37:51.480

Julie Thompson: Okay, thank you. With proxies as needed. Okay, well done. Okay. Um, this is a simple ballot. We have a kind of a complicated process, as you saw in the email but it's just what we have to do to follow our bylaws. So I'm going to allow five minutes for this and I'm

590

01:37:53.610 --> 01:38:00.570

Julie Thompson: Sorry. So Amanda as soon as you hit send, let me know and I'll start the clock senators will have five minutes to vote.

591

01:38:01.800 --> 01:38:02.790

Julie Thompson: And then we'll go from there.

592

01:38:04.440 --> 01:38:05.520

Academic Senate: And hit send.

593

01:38:21.750 --> 01:38:36.570

Julie Thompson: As a reminder, I'm Paulette, George and I were receiving an invitation to join a breakout room, but we're not going to do that yet. Okay, so first the first people into the breakout room are going to be the Elections Committee.

594

01:38:37.590 --> 01:38:43.230

Julie Thompson: And with Amanda and there'll be certifying the vote and then they'll invite us in when they're done.

595

01:40:07.020 --> 01:40:10.950

Julie Thompson: So for the Elections Committee and Amanda Elections Committee.

596

01:40:12.000 --> 01:40:15.600

Julie Thompson: Once you've cast your votes and you're ready to move over to the

597

01:40:16.920 --> 01:40:22.230

Julie Thompson: The breakout room, you can do that. And if you're already gone, you can't hear me. So

598

01:40:30.420 --> 01:40:44.010

Anne Donegan: Our enemy President Thompson. The same thing happened again to the vote for for Sean Martin's proxy. So again, I took a picture sent it to you and Amanda and I emailed Amanda Sean's votes.

599

01:40:46.290 --> 01:40:47.310

Julie Thompson: Okay, thank you.

600

01:40:50.940 --> 01:40:55.140

Julie Thompson: Is there any other senator who's having trouble with the technology.

601

01:40:58.740 --> 01:40:59.160

Okay.

602

01:41:17.820 --> 01:41:21.900

Julie Thompson: Can I also ask, just to get a sense of, of how much time. This is taking people

603

01:41:24.690 --> 01:41:36.360

Julie Thompson: Can senators. I'm like, do a thumbs up or raise a hand or something if you if you're still in the process of voting VERSUS PEOPLE ARE DONE AS I think it probably took about a minute. Right.

604

01:41:37.440 --> 01:41:38.580

Julie Thompson: Then, okay.

605

01:41:38.760 --> 01:41:39.720

Joe Fassler: Everyone's done. Okay.

606

01:41:41.670 --> 01:41:43.800

Joe Fassler: Ranking took more time because we're complicated

607

01:42:53.370 --> 01:42:56.310

Julie Thompson: Okay, we're in our last 12 seconds here.

608

01:43:06.960 --> 01:43:08.010

Julie Thompson: Okay that's time

609

01:43:09.330 --> 01:43:11.340

Julie Thompson: So at this point I am

610

01:43:12.960 --> 01:43:15.060

Julie Thompson: Waiting for a text from Amanda Show.

611

01:43:15.450 --> 01:43:20.310

Julie Thompson: Send a text. Once the Elections Committee has certified the results and then

612

01:43:21.990 --> 01:43:30.090

Julie Thompson: Paula and George and I will join them to get the information and then we'll come back to this room and

613

01:43:32.610 --> 01:43:34.380

Julie Thompson: The byline say that the

614

01:43:36.000 --> 01:43:40.260

Julie Thompson: The administrative assistant announces results. Some

615

01:43:42.150 --> 01:43:43.260

Julie Thompson: We will ask her to do that.

616

01:48:01.230 --> 01:48:01.740

Laura Aspinall: Julie.

617

01:48:02.280 --> 01:48:02.610

Julie Thompson: Yes.

618

01:48:03.360 --> 01:48:04.140

Laura Aspinall: I was wondering

619

01:48:05.850 --> 01:48:07.080

Laura Aspinall: If we wanted to

620

01:48:08.460 --> 01:48:13.380

Laura Aspinall: Skip our break and maybe consider this our break if there was a way to do that.

621

01:48:14.730 --> 01:48:18.480

Julie Thompson: We a way to do that. And I do believe that I recently read that.

622

01:48:19.620 --> 01:48:25.530

Julie Thompson: I, I can call a break. Whenever so I shall call a break. Okay, and it's

623

01:48:26.910 --> 01:48:27.930

Laura Aspinall: Okay, yeah, this is the Briton.

624

01:48:28.800 --> 01:48:36.240

Julie Thompson: A couple of minutes. Why don't we say it's 44 after. Why don't we say three minutes I'm hope that's enough time.

625

01:48:37.500 --> 01:48:38.400

Julie Thompson: Okay, and

626

01:48:39.300 --> 01:48:44.100

Julie Thompson: George and Paulette, they're ready for us. So we'll go ahead and pop in and we'll be back as soon as we can.

627

01:51:15.870 --> 01:51:25.950

Julie Thompson: Okay, it looks like there's about a minute left on the break, and the Elections Committee and Amanda are on their way back. So we'll reconvene

628

01:51:37.320 --> 01:51:41.820

Julie Thompson: Okay, I'm Amanda. Can I ask you to please Announce the results.

629

01:51:43.110 --> 01:51:55.260

Academic Senate: Yes. So for Vice President, we have Monica Okubo for executive secretary John Stover and for past president Brenda flies with hawks

630

01:51:55.800 --> 01:51:56.220

Okay.

631

01:51:58.110 --> 01:52:12.720

Julie Thompson: I would like to thank everyone for running for seats and it's wonderful to have a contestant of the election and all of this interest and congratulations to our new officers. Thank you for your service.

632

01:52:17.280 --> 01:52:29.850

Julie Thompson: Okay, I'm moving on then, um, since we both already had a little break. Let's go straight into the black studies and ethnic studies Task Force recommendations, um,

633

01:52:31.200 --> 01:52:35.610

Julie Thompson: It's good to finally get here. I'm sorry that we have only 12 minutes left and I

634

01:52:36.870 --> 01:52:47.250

Julie Thompson: Think the only thing that I want to say about this. We had some good information from from George salou Brenda flies with hawks and Lauren service when they present presented a couple of meetings ago

635

01:52:48.660 --> 01:52:51.300

Julie Thompson: But the only thing that I would like to say is that

636

01:52:52.410 --> 01:53:01.920

Julie Thompson: I want to recognize that just so that we're not giving anyone outside of the senate any false impression of what we think our superpowers are as a Senate.

637

01:53:02.310 --> 01:53:11.610

Julie Thompson: We know that our role is the 10 plus one. And so in the support document I had highlighted or put into an alternative color. I think blue or something.

638

01:53:11.970 --> 01:53:22.560

Julie Thompson: The things that are in our wheelhouse. But I recognize that there's a lot that we're being asked to support that's not in our wheelhouse. And I just want to acknowledge that so that

639

01:53:23.250 --> 01:53:29.430

Julie Thompson: Dr. Chong does not have a heart attack, thinking that you know we're telling him that he needs to

640

01:53:30.060 --> 01:53:49.440

Julie Thompson: You know, come up with a million dollars and hire 10 new people. So we know that's not our role, but we can still support the black studies and ethnic studies Task Force recommendations. So that's all I wish to say, and, um, let's see who is in the queue. And I see Jennifer Kernan Goldberg's

641

01:53:50.400 --> 01:53:59.010

Jen (she/her) Carlin-Goldberg: First, what, no, sorry. Um, I would actually like to start by moving that

642

01:54:00.630 --> 01:54:05.310

Jen (she/her) Carlin-Goldberg: We move this to an action item at this meeting.

643

01:54:07.530 --> 01:54:08.640

Julie Thompson: Okay, show me.

644

01:54:09.660 --> 01:54:12.450

Julie Thompson: Okay, we haven't whose voice Laura was that your voice.

645

01:54:12.720 --> 01:54:13.800

Sarah swhyly@santarosa.edu: Is Tara

646

01:54:14.280 --> 01:54:14.520

Oh,

647

01:54:15.750 --> 01:54:16.200

Julie Thompson: Sorry.

648

01:54:17.610 --> 01:54:19.020

Sarah swhyly@santarosa.edu: That was Sarah why we

649

01:54:19.560 --> 01:54:31.380

Julie Thompson: Thank you. Okay. We have emotion from Jen carlan Goldberg and a second from Sarah Wiley to move this discussion urgent discussion item to action that takes a two thirds vote.

650

01:54:33.630 --> 01:54:41.070

Julie Thompson: And if there's no further discussion on that. I will ask Paul it to call that boat.
