

## Consent Item

January 18 2023 Academic Senate

### **Constitution Work Group Reconstitution:**

- The purpose of this consent item is to propose that the Academic Senate ask this group, consisting in the past of Monica Ohkubo, Joe Fassler, Tara Jacobson, John Stover, Kat Valenzuela, Jen Carlin-Goldberg, and Anne Donegan, to be reconstituted to pick up this work, but we'd like to add the Bylaws revision to the charge since the two documents are so closely linked. If you feel more discussion of the issue is needed, please feel free to pull this item from the Consent agenda. If the item is approved, I will contact all former members of this work group to confirm their willingness to continue. If there are vacancies, the ASEC will put out a call for other current or former senators with familiarity of our Constitution and Bylaws to volunteer to participate. This work group will be asked to conclude their work within the timeframe of the current academic semester, including leaving time for the item to be voted upon.
