

Consent Item #2

January 18, 2023

Refer Accreditation Work Group Recommendation #2 back to work group:

- During the fall 2022 semester, the Academic Senate deliberated over 3 proposals from the Faculty Accreditation workgroup that it formed. Proposals 1 and 3 were discussed, modified, and approved by the body during its fall 2022 meetings. Discussions of the body clearly indicate dissatisfaction with proposal #2, however, and no action was taken on this item. This consent agenda item therefore proposes that we refer Accreditation Proposal #2 as it was originally presented to the body back to the work group for review and consideration. Faculty work group members are advised through this action to consider the minutes of Academic Senate meetings during the fall 2022 semester and what further recommendations, if any, they might wish to present to the Academic Senate for its consideration regarding the subject of its recommendation #2.
