- 6. ~~(old D) It is strongly encouraged that departments maintain adequate pools of qualified candidate that it is not necessary to resort to an Emergency Hire, except on a very rare occasion.~~

Rationale for above edits: Remove original section 2 because members of the Associate Pool are defined by the contract and this is not part of the hiring process. Remove 3 because we added as new #2 to make the language more specific and match current practice. Remove original 4 because it is addressed by the edits to the approved Emergency Hire section already.

We need to re open with 2/3 vote. Need to revise to associate above. Other suggestions are made above as well.

VII. Adjunct Associate Pool *(strike all of this since it is moved to II. Timeline. It is left here to show where it came from.)*

1. Each department and/or program shall establish and maintain, through a recruitment and selection process, a pool of qualified applicants sufficient to cover anticipated needs for hiring substitutes or new adjunct associate faculty ~~at the beginning of a each semester.~~
2. Applicants can apply to be placed in the Associate Pool at any time.
3. ~~{old B} An Adjunct Pool is composed of those adjunct faculty currently working, those who have completed an assignment within the past four years, those who have been qualified to receive an assignment within the past two years but have not been given a work assignment, and those whose eligibility for an assignment has been extended beyond the initial two year period for an additional two years without _____ reapplication, at the discretion of the department chair and with the consent of the pool member.~~
4. ~~{old C} Adjunct Pools shall be opened annually.~~
5. ~~{old D} It is strongly encouraged that departments maintain adequate pools of qualified candidate that it is not necessary to resort to an Emergency Hire, except on a very rare occasion.~~

Rationale for above edits: Remove original section 2 because members of the Associate Pool are defined by the contract and this is not part of the hiring process. Remove 3 because we added as new #2 to make the language more specific and match current practice. Remove original 4 because it is addressed by the edits to the approved Emergency Hire section already. (repeat from above where this was moved to II. Timeline”
