**Create Metrics and Evaluation** 

**Board Engagement and Governance**

**Understand Donor Engagement** 

**Identify Funding Opportunities** 

**Create Institutional Alignment** 

**Philanthropic Plan** 

### **Questions for Consideration**

- 1. How do you see the Foundation's role in advancing the college's mission? What kind of partner should we be?
- 2. What are the top 2–3 priorities for faculty from the strategic plan that are most critical to advancing SRJC's work?
- 3. If we could focus philanthropic energy on a few high-impact broad, big picture priorities, what could those be?
