SLO Assessment Options

To disaggregate SLO reports, we need a unified system to compile data. We are asking the Academic Senate to determine the level of granularity used by SRJC in our SLO reports. Please review the following options to recommend one.

The options are structured like a rubric, so instructors can use Speedgrader in Canvas if they prefer. Thus, there will be an SLO from the COR in the only row, and the level of granularity is reflected in the number of columns. Before we can move forward, we need to decide on the number of columns available to select. To submit a report, faculty will select a column that reflects whether each student achieved the SLO.

OPTION 1:

	ACHIEVES GOAL	DOES NOT ACHIEVE GOAL	NO SUBMISSION
Text of SLO 1 form the COR			

OPTION 2:

	SURPASSES GOAL	ACHIEVES GOAL	PARTIAL ACHIEVMENT OF GOAL	DOES NOT ACHIEVE GOAL	NO SUBMISSION
Text of SLO 1 form the COR					

OPTION 3: High granularity

	EXCELS AT GOAL	SURPASSES GOAL	ACHIEVES GOAL	PARTIAL ACHIEVEMENT OF GOAL	DOES NOT ACHIEVE GOAL	NO SUBMISSION
Text of SLO 1 form the COR
