

## Sonoma County Junior College District Board Policy Manual

### Chapter: 4 – Academic Affairs

#### Title: Philosophy and Criteria for Associate Degree and General Education

Code: BP 4025

Adopted:

Last Revised:

Last Reviewed:

Courses that are designated to fulfill the general education and depth requirements shall meet the following philosophy.

#### General Education

Santa Rosa Junior College values inclusion, diversity, equity, and anti-racism (IDEA). These values are intentionally and mindfully reflected throughout this policy to ensure that the College's general education courses reflect the diverse perspectives and lived experiences of the College's student body population and are taught by a diverse and highly qualified faculty that is responsive to our students' needs and experiences.

The general education requirements for the Associate degree at Santa Rosa Junior College are intended to provide students with a broad yet integrated and coherent introduction to the skills, knowledge, and insights that are the foundation of a college education, the basis for career development, and the motivation for lifelong learning. The goal of general education is to enable each student to recognize the value of intellectual inquiry, of physical well-being, of personal responsibility, and of ethical behavior; to discover the interdisciplinary nature of knowledge; to find joy in the process of self-discovery and creative expression; and to demonstrate critical awareness of and informed participation in the natural and social worlds in which we live. The intent of the educational ideals embodied in general education courses is to cultivate in each student:

- An understanding of scientific principles and methods of inquiry.
- An understanding of the complex and interdependent world and biosphere in which we live, including the issues that are essential to the long-term well-being of the natural world and to the human community as part of that world.
- Knowledge and appreciation of the arts, ideas, and values expressed in the world's diverse cultural traditions.

- An understanding of history, the political and economic practices of societies, and the social and psychological dimensions of human behavior.
- An appreciation for the unique contributions and experiences of all populations within a plural, multi-racial, and multi-cultural society.
- An understanding and appreciation of the differences and commonalities that exist within the pluralistic society of the United States, including the rights and responsibilities of participating within its democracy.

The completion of general education at Santa Rosa Junior College represents a substantial achievement that has ongoing, lifelong value to the individual and to society.

### General Education Requirements

The College shall maintain current listings of general education requirements for the AA/AS degrees and make them available in the College Catalog and the Schedule of Classes. Changes to the general education requirements and to the AA/AS degrees shall be recommended by the Academic Senate and reviewed by the Board of Trustees.

The general education requirements for the California State University system and the Intersegmental General Education Transfer Curriculum (IGETC) are also published in the College Catalog and the Schedule of Classes.

The Superintendent/President shall establish procedures to ensure that courses used to meet general education and associate degree requirements meet the standards in this policy. The procedures shall provide for appropriate Academic Senate advisement.
