

Nomination Statement for Nora Wheeler

I have served the SRJC faculty as an Academic Senator for many years (with a recent gap of a few years) including being Parliamentarian for a short time. I have attended state-wide Academic Senate Plenary several times and have enjoyed experiencing the benefits and strength of the Academic Senate on a larger scale. I have also served SRJC as department chair, on numerous hiring committees, on an accreditation committee, and various other committees. If elected as Academic Senate Secretary, I would work with the ASEC to help keep communication flowing in order to keep our faculty voice strong and clear, and to generally help out where needed to help the Senate function as smoothly as possible. It would be an honor to serve the members of the Academic Senate, the faculty as a whole, and ultimately our students in this capacity.
