

CANDIDATE for AT-LARGE POSITION

Sarah Whylly

Hi! I'm Sarah Whylly and I'm running for either the "at-large position" or "adjunct" seats on the Executive Committee. I am an enthusiastic and dedicated instructor in the Philosophy, Humanities, and Religion as well as the Computer Studies Department who loves creativity in pedagogy. I have a passion for standing up for faculty's purview over their pedagogy and the Senate's role in upholding that. I also believe that students deserve the best quality of education we can provide. I have worked very hard at listening carefully to students and helping to amplify their voices.

In addition to being an elected senator, I serve the Senate in various additional capacities. I am currently faculty liaison to the SGA. I have served on the Faculty Equivalency Committee, both as Chair and as a voting member for over 3 years. I have also served on the Guided Pathways initiatives and on the Bylaws and Constitution Ad Hoc Committee.

I am running for one of the new positions because I believe having adjunct representatives on the Executive Council is vital to bringing forth the constituent voices of adjuncts. My increased institutional knowledge, experience with committees, and demonstrated energy for the work of the Senate combined with my dedication to advancing the positions and offering the viewpoints of adjunct faculty makes me an ideal choice for one of these roles. I am asking for the votes of my fellow senators based on what you believe I will bring to either of these two positions.

Thank you,

Sarah Whylly
